WILLAS ELITE

1929

PERENNIALS = GLADIOLUS

W.W. KENNEDY & SONS

RED BANK

NEW JERSEY

FOREWORD

In presenting the latest edition of our Annual Catalogue, it has been our endeavor to make it better than all previous issues—better in its appearance, better in its offerings.

DAHLIAS of course are our chief favorites; we devote much time to their culture and hybridizing, and are proud of the favorable notoriety some of our great seedlings have brought us. Our introductions of the past few years are still in the running with present day leaders.

Our policy as regards **NOVELTIES** is possibly different to that of other growers. We have many fine Seedlings that we could offer this year, but in our opinion they lack that superiority over existing varieties that is necessary to be termed "Novelties," and are not up to the standard of previous introductions of ours. Rather than send out anything that is not really meritorious, we prefer to confine our lists to the best available at this time, until we shall again have something really worth-while to send out.

We have also been interested in the choicer stocks of **GLADIOLUS**; and we are proud of the reputation we hold for raising and producing splendid bulbs on our New Jersey Farm.

HARDY PERENNIAL PLANTS (the most satisfactory of all garden flowers, because of their permanency, easy culture, and prolonged blooming season) are produced in great quantities, and we have a splendid lot of field grown clumps for distribution this Spring. Our offerings in these are confined exclusively to the choicest kinds, many indeed are rare and uncommon, while our lists of Iris, Hardy Asters, Delphinium and Phlox, etc., comprise the cream of the known beauties in these classes. We draw particular attention to the new *Artemisia* "Silver King."

PLACE YOUR ORDERS NOW. We shall be glad to book orders now, before the planting season, with its inevitable rush of orders, commences, and reserve such stocks as you desire for your garden this year, all of which will be shipped as the proper time for planting approaches.

Jan. 1st, 1929.

W. W. KENNEDY & SONS,

Red Bank, N. J.

Please Read Before Ordering

Order Early—Do not delay ordering until planting time, as many varieties will be sold out. As orders are received, stock will be reserved and sent at the proper time, or sooner if requested.

Terms—Remittance with order on or before shipment. Retail orders are delivered prepaid. Please remit by bank draft, Post Office money order or registered mail. No stock sent C.O.D. unless 50 per cent of purchase price accompanies order.

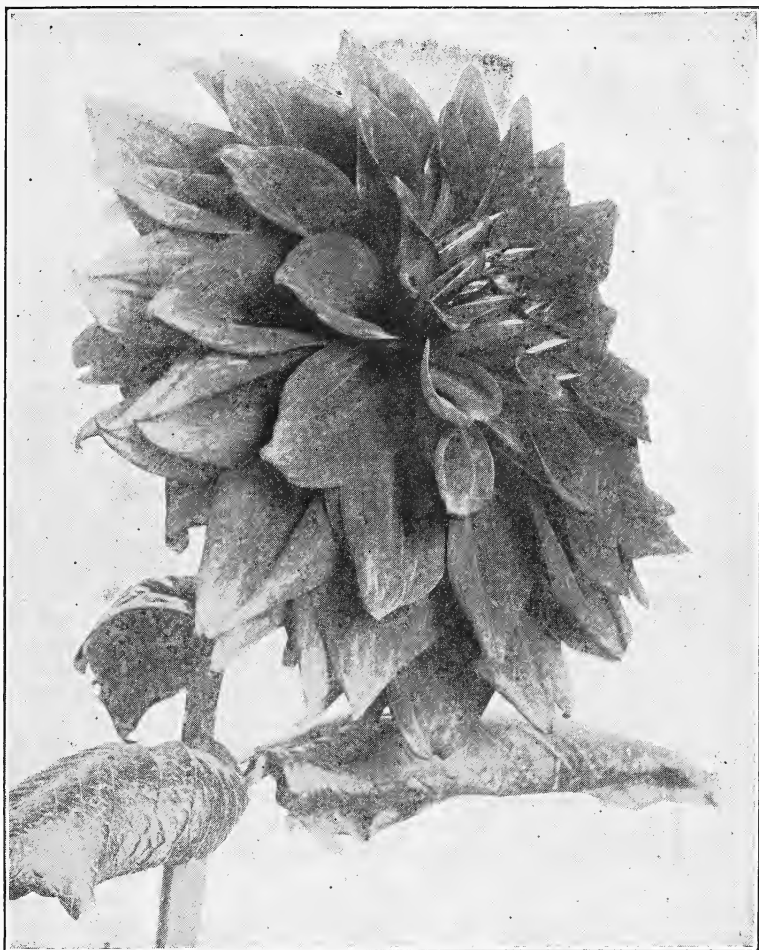

Shipping—All orders for plants taken at the Dahlia Shows and Gardens last fall, and those received this spring will be sent around May 10 unless otherwise requested.

Our Guarantee—We guarantee every bulb, root or plant sent out to be true to name and color, also to be in growing condition when received, after which our responsibility ceases. Please notify immediately if anything is unsatisfactory, when received, or if any tuber or plant does not grow after planted a reasonable time.

Substitution—We do not substitute unless requested to do so, but would suggest naming a second choice.

Name and Address—Be sure to write name and address plainly. Specify time you wish order to be sent. Keep a copy of your order for comparison.

W. W. KENNEDY & SONS.

ELITE GLORY

“Dahlias Elite”

High up on the roster of “What is best in Dahliadom” are inscribed the merits and beauties of “Dahlias Elite.” We take pleasure in offering the following named varieties of recent and also previous introduction. The acclaim and prizes they have won for themselves are assurances of their high calibre, their exquisite beauty and their sturdiness of growth. We offer them with every confidence of their giving the maximum of satisfaction to the most discriminating and exacting dahlia “fans.”

New and Recent Introductions

Each year brings its quota of Dahlia Novelties. Some prove consistently good while others fail to measure up to the standards demanded by keen dahlia lovers and are discarded. We have tried out all the varieties listed herein and have carefully tested their qualities. We feel that the following list contains a peerless collection of the better varieties. A selection of any of those offered will insure the greatest satisfaction and pleasure. Owing to the unusual demand for good dahlias we earnestly recommend orders being placed as early as possible.

1929 Introductions are marked (*).

ADELINE LORBEER. C. (Broomall). Color is spectrum red, without shading, the medium large flowers are produced on fine stems. Stands hot sun without bleaching or burning and keeps well as a cut flower.

Plants \$1.50; Tubers \$3.00

ALICE WHITTIER. H. C. (Reed). A very large deep bloom; with stiff stem and good habits of growth. Color is a delicate shade of primrose yellow.

Plants \$1.25; Tubers \$2.50

AMARANTHUS. (Broomall.) H. D. Color is an Amaranth pink. Flowers are large and supported by good stems.

Plants \$2.50; Tubers \$5.00

AMARILLO GRANDE. H. D. (Broomall). Color is a light yellow. Flowers are enormous and produced in abundance. This dahlia won many prizes during the past season, often for the largest and best bloom.

Plants \$1.25; Tubers \$2.50

AZTEC GLORY. Dec. (Broomall). Flowers are of a rich clear golden yellow, without tints or blends. One of the "big fellows." And when the blooms attain large size the flower has an added distinction in the curl of the end of the petal.

Plants \$3.75; Tubers \$7.50

BARBARA REDFERN. Dec. (Redfern). Color is a combination of old rose and gold. The outside of the petals is dull gold, the reverse is delicate old rose. Owing to their formation both colors show at once. A clean healthy grower, blossoms early and blooms continuously on fine, strong stems.

Plants \$2.50; Tubers \$5.00

BEAU IDEAL. Dec. (Boston). Flowers are pinkish lavender, sometimes going to clear pink. Resembles Mariposa but it is decorative in form. Stems are long and stiff and carry the blooms above the foliage.

Plants \$2.50; Tubers Net \$5.00

BERENGARIA. (English Dec.) Color is orange in the center, shading to gold, giving the flower a golden sheen in the sunlight. Immense blooms held erect above sturdy plants.

Plants \$2.50; Tubers Net \$5.00

CALIZONA. Dec. (Broomall). Deep rich yellow, the large flowers of very distinct shape stand out boldly on splendid strong stems, making it one of the most conspicuous dahlias in the garden.

Plants \$1.00; Tubers \$1.50

CHARLOTTE LAFRENZ. Dec. (Seal). Color is a blending of the always popular gold shades, the perfectly formed center being a bright gold, shading to a rich apricot in the center petals. The center is very full and the blossom is held high on a long stiff stem above the foliage.

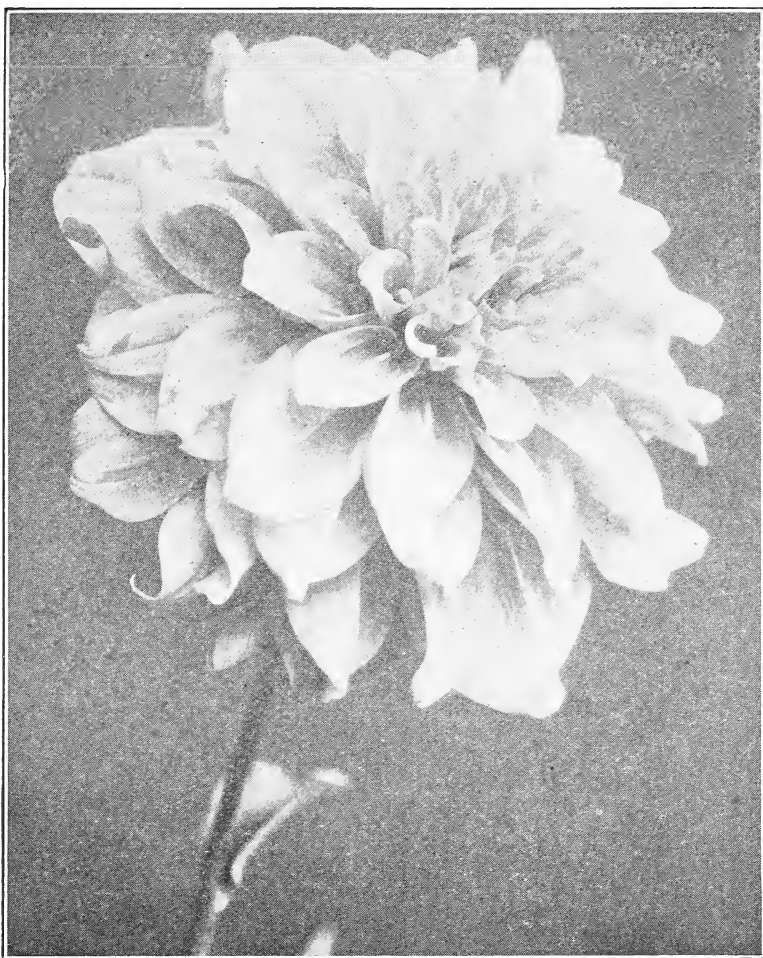

Plants \$3.75; Tubers \$7.50

CITY OF TRENTON. Dec. (Prentice). Face of petals, a rich glowing tangerine, reverse crushed strawberry red. Petals curl gracefully, giving a two-tone effect.

Plants \$3.75; Tubers \$7.50

COL. CHAS. A. LINDBERGH. H. C. (F. & M.) A fine hybrid cactus of a beautiful rose "du Barry" shade overlaid and suffused with old ivory, shading off to old gold at the center. An early and free bloomer. Stems rigid and straight, dark green foliage and of good habit and growth.

Plants \$3.75; Tubers \$7.50

ELITE PEACH (See Page 6)

NEW AND RECENT INTRODUCTIONS—Contd.

COLOR SERGEANT. Dec. (Hall). Color is a rich, deep salmon bronze of one shade. Good strong grower of excellent habits and perfect stem. We heard many favorable comments on this dahlia during the past season. Scored 87 at New Jersey Trial Grounds. Plants \$2.50; Tubers \$5.00

CORINGA. H. D. (Broomall). The rich coppery orange color of this Dahlia attracted the immediate attention of visitors. The medium large flowers are held on strong stems. Habit of plant is dwarf but stems are good for cutting. Plants \$3.75; Tubers \$7.50

DERRILL W. HART. Dec. (Broomall). This Dahlia was one of the best growers in our gardens the past season. Color is a copper, shading to henna and brown, the center petals showing a decided golden tint. A wonderful grower, with no apparent attraction for insects. Plants \$5.00; Tubers \$10.00

NEW AND RECENT INTRODUCTIONS—Cont'd

DORIS CANNEY. Dec. (Seal). The large blooms of a rich, golden apricot coloring are carried on strong stems above a most attractive bush, the foliage of which is exceptionally dark green. **Plants \$2.50; Tubers \$5.00**

EAGLE ROCK BEAUTY. Dec. (Broomall). The color is a beautiful combination of pink and cream. The free growing bushes produce an abundance of blooms. **Plants \$2.50; Tubers \$5.00**

EAGLE ROCK GEM. C. (Broomall). Maize-yellow shaded orient pink. Color is very unusual and pleasing. Habit is good, the flowers always standing perfectly erect. **Plants \$7.50; Tubers \$15.00**

EAGLE ROCK JEWEL. H. C. (Broomall). A heavy-petalled flower of rich pink, tinted and toned with cream; the long petals are gracefully curled. A very attractive flower in the garden. **Plants \$5.00; Tubers \$10.00**

EAGLE ROCK SUNSHINE. C. (Broomall). The outstanding cactus last season. It is a clear, rich golden yellow of fine form. The color is without blends or shades and this effect gives the flower a purity that few Dahlias possess. **Plants \$1.25; Tubers \$2.50**

EDNA FERBER. H. C. (F. & M.). An exhibition hybrid cactus dahlia of good form. Color, a glistening coral shading to old gold at base of petals, which are curled and twisted, making a very full flower. **Plants \$2.50; Tubers \$5.00**

ELITE GEM. C. (Kennedy). A true American Cactus of fine form. Winner in the cactus classes at New York, Trenton and Atlantic City. Medium sized blooms are supported on fine stiff stems. Color is spinel pink blush on primuline yellow at the base; reverse rosaline purple. The plant is a vigorous grower and blooms continuously throughout the season. **Plants \$1.00; Tubers \$2.00**

ELITE GLORY. Dec. (Kennedy). This dahlia was a consistent prize winner throughout the country during the past season. From all parts have come reports of wonderful success with Elite Glory, both in the garden and show room.

The massive blooms of radiant bright red are held perfectly erect on strong, cane-like stems. Tough leathery foliage makes it practically immune from attacks of insects. It is considered by experts as the most distinctive dahlia to date. **Plants \$1.75; Tubers \$3.50**

ELITE PEACH. Dec. (Kennedy). A fine exhibition decorative that has won high honors wherever shown. The fine blooms are of a salmon buff or peach blossom pink and are held well above a vigorous growing bush, on long rigid stems. A one-tone flower of exquisite charm and beauty.

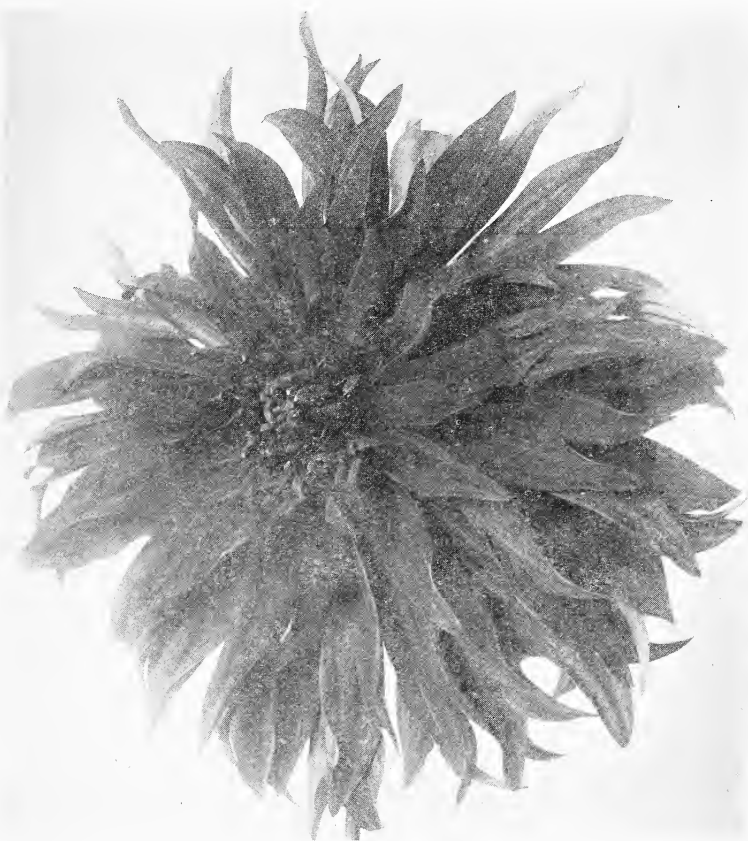

This dahlia was greatly admired at the shows and in our gardens the past season. Its fine blooming qualities and good habit of growth make it of the most distinctive dahlias in our display garden. **Plants \$1.75; Tubers \$3.50**

ELITE SURPRISE. H. D. (Kennedy). A rich deep red Hybrid Decorative of fine form. It won the **Court of Honor prize** at Atlantic City as Best Eastern Introduction and also as **Best Bloom** in the entire Court of Honor in 1927.

It is a much admired flower of vigorous growth with good habit, and strong stems holding perfectly erect, the large blooms, which are full to the center and produced in abundance until frost. As a long keeping cut flower it is unsurpassed. The blossoms do not burn in the sun. **Plants \$1.50; Tubers \$3.00**

FARNCOT. C. (Davis-Fraser). This variety always attracts attention wherever grown or shown. The color is aster purple, tipped white, flowers of perfect form carried on top of stiff stems. **Plants 75c; Tubers \$1.00**

FIRE CHIEF. Dec. (Success). The large scarlet blooms are held erect on fine strong stems. Certificates by the A. D. S. and the Dahlia Society of New Jersey at their trial gardens. **Plants \$3.75; Tubers \$7.50**

FORT MONMOUTH

NEW AND RECENT INTRODUCTIONS—Cont'd

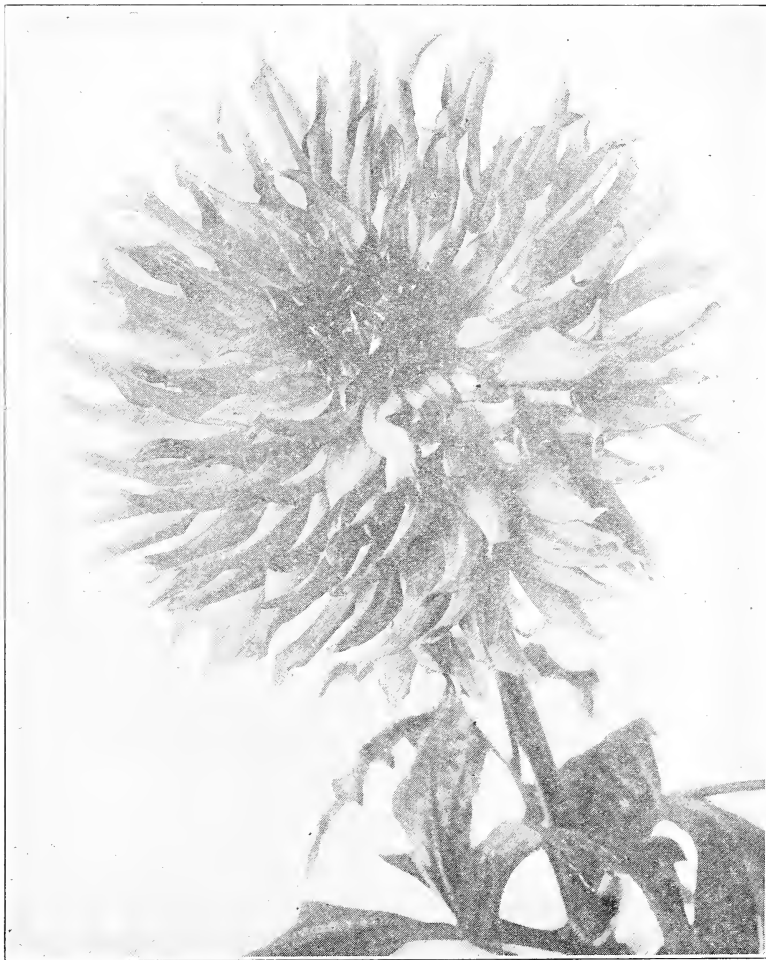

- FORDHOOK SUNSHINE.** Dec. (Burpee). Flowers are salmon shaded with fawn and flushed with yellow. Reverse is tinged and edged salmon.
Plants \$1.75; Tubers \$3.50
- FORDHOOK GOLDCREST.** Dec. (Burpee). Color is salmon pink toned with bright red and deeper salmon reverse.
Plants \$1.75; Tubers \$3.50
- FORDHOOK PEARL.** H. C. (Burpee). Deep creamy white, the base of the inner petals shading to a pale yellow.
Plants \$1.75; Tubers \$3.50
- FORDHOOK CRAWFISH.** C. (Burpee). Rich deep pink, the center petals flushed white, shaded yellow at the base. Free flowering, of good form and long stemmed.
Plants \$1.75; Tubers \$3.50
- FORT MONMOUTH.** H. C. (Kemp). The predominating color of this dahlia is a rich crimson maroon with a hue of bluish violet at tips of petals. The flowers are well formed, full centered, of true hybrid cactus type and immense size. Free bloomer and foliage is dark green. Winner of first prize for best bloom at Red Bank Show.
Plants \$5.00; Tubers \$10.00

NEW AND RECENT INTRODUCTIONS—Cont'd

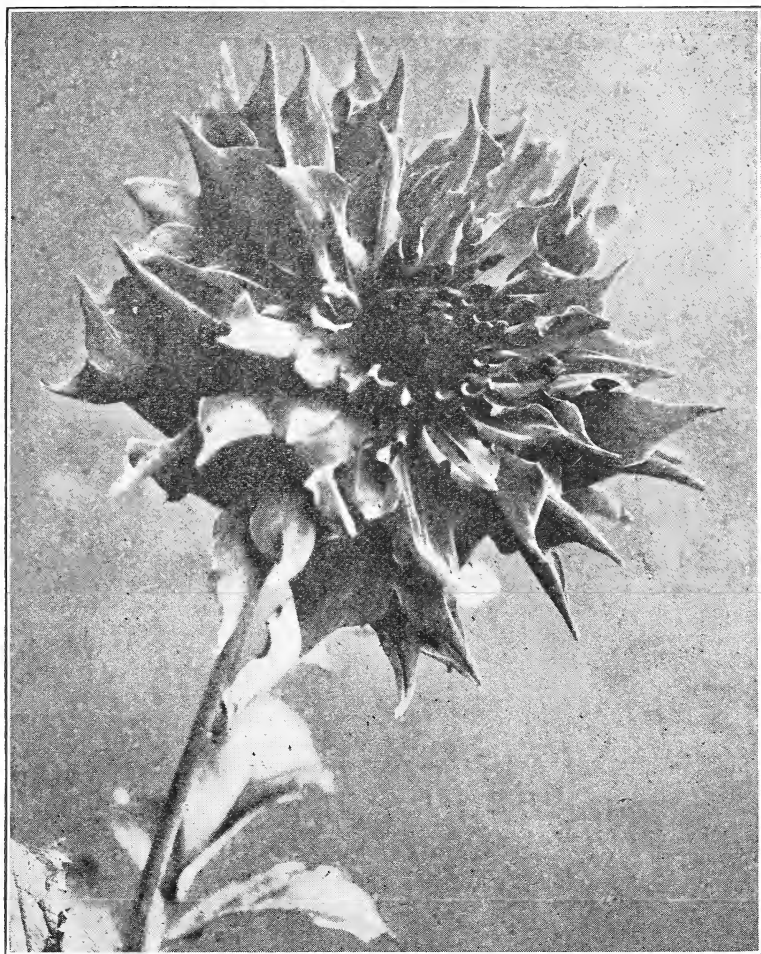

FORT WASHINGTON. Dec. (Reindfleisch). A strong growing plant, with immense flowers of very deep velvety maroon. A sensational flower wherever grown or exhibited.
Plants \$1.75; Tubers \$3.50

F. T. D. Dec. (F. & M.) Color a rich Tyrian Rose. Dark green foliage and long rigid, upright stems. Exceptionally free flowering and a good keeper. It is a sport of Trentonian and has the latter's good habit of growth.
Plants \$2.00; Tubers Net \$4.00

GALLI CURCI. Dec. (Hall). A strong semi-dwarf grower. Blooms large, carried on long sturdy stems. Color brilliant salmon-orange with gold suffusion.
Plants \$5.00; Tubers \$10.00

ELITE GEM (See Page 6)

ELITE SURPRISE (See Page 6)

NEW AND RECENT INTRODUCTIONS—Cont'd

GOLDEN DREAM. Dec. (Success). Color Stortutian-yellow and a golden sheen or lustre, reverse Brazil-red. A real golden flower on good stems.

Plants \$3.75; Tubers \$7.50

GRANDOLA. Dec. (Broomall). One of the outstanding dahlias in the garden. Color is a brilliant orange. The blooms are held erect on fine, strong stems. A tall grower of fine habits.

Plants \$1.25; Tubers \$2.50

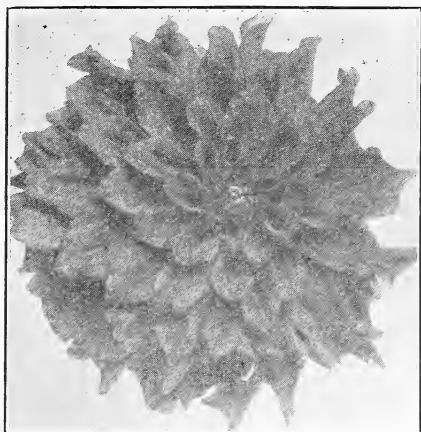

HARRY MAYER. Dec. (Seltsam-Success). One of those varieties that catches the eye in the show-room or garden. Color is a silver lavender with the reverse of the petals deep lavender. Sturdy growing habit and heavy texture.

Plants \$3.75; Tubers \$7.50

NEW AND RECENT INTRODUCTIONS—Cont'd

- HATHOR.** Dec. (Seal). This dahlia was very attractive in our garden the past season. The predominating color is flame—not red, but verging on deep crimson, orange and all those colors seen in glowing embers. It has good stem, foliage and formation of bloom. Plants \$1.75; Tubers \$3.50
- HERALD TRIBUNE ELITE.** Dec. (Kennedy). A rich pure white flower of splendid form and wonderful keeping qualities. Blooms are held erect on fine stems. A thrifty grower with dark green foliage. Plants \$1.00; Tubers \$2.00
- JANE COWL.** Dec. (Downs). The outstanding dahlia of the year in every show. A consistent prize winner throughout the country. It is a large deep flower with colorings of warm buff and old gold, blending to a bright salmon at its perfect center. Plants \$5.00; Tubers \$10.00
- JEAN HARE.** H. C. (F. & M.). When the flower first unfolds it is a beautiful golden yellow. As it matures it becomes an apricot-buff and the outer row of petals a golden bronze. Plants \$3.75; Tubers \$7.50
- JERSEY'S CLIMAX.** H. C. (Waite). Color is Xanthine orange with Tourmaline pink reverse. Large flowers freely produced on good stems. Plants \$2.50; Tubers \$5.00
- JERSEY'S DAYBREAK.** Dec. (Waite). Cameo pink shading to creamy yellow in the center. The flowers of medium size and splendid formation are supported on fine strong stems. Plants \$2.50; Tubers \$5.00
- JERSEY'S FIANCEE.** Dec. (Waite). Rose pink in color, with the point of each floret slightly tipped gold. Flowers can be grown to good size and stems are always good. Plants \$1.25; Tubers \$2.50
- JERSEY'S GLEAM.** Dec. (Waite). When the flower first opens, it is yellow with a coral pink suffusion, but when fully open, it is picric yellow in the center and the outer petals coral pink with a gold suffusion. Plants \$2.50; Tubers \$5.00
- *JERSEY'S GLORY.** Dec. (Waite). The flowers are large and of good form, well-placed on the stem. The color is best described as a yellow hue of orange. The stems are long and stiff, but sometimes arch gracefully. It is a robust grower and the flowers are produced very freely. Plants \$5.00; Tubers \$10.00
- JERSEY'S IDEAL.** Dec. (Waite). Dark lavender pink is the nearest approach to the color of this attractive variety. The flowers are very large and of splendid formation. Plants \$1.25; Tubers \$2.50
- JERSEY'S MASTERPIECE.** Dec. (Waite). Large exhibition flower of soft Strawberry pink, suffused gold at base of florets. Almost the same formation as *Insulinde*, but the color is more beautiful. Good stem and the foliage is thick in texture. Plants \$5.00; Tubers \$10.00
- JERSEY'S OLYMPUS.** Dec. (Waite). The color is a combination of *Sofrano*, Venetian and flesh pink with a gold suffusion when fully opened. Good stems and habit of growth. Plants \$2.50; Tubers \$5.00
- JERSEY'S PATROL.** Dec. (Waite). A low growing bush of the *Frances Lobdell* habit. The color is spectrum red with tips of gold in the unopened center. Plants \$1.25; Tubers \$2.50
- JOVE.** Dec. (Ballay). A beautiful bronze pink flower. Is large and of good substance, held erect on strong stems. Plants \$1.75; Tubers \$3.50

NEW AND RECENT INTRODUCTIONS—Cont'd

KEMP'S VIOLET WONDER.

KEMP'S VIOLET WONDER. Dec. (Kemp). The best violet colored Dahlia to date. The predominating color is a rich Naphthaline Violet with underlying tone of royal purple, lightening to bluish violet at tips of petals, with deep lavender reverse. The strong, vigorous growing plants produce blooms of massive size on fine strong stems. Plants \$5.00; Tubers \$10.00

LA GOLONDRINA. H. D. (Broomall). Silvery white shaded phlox purple, the general effect being a light lavender; very large flowers of distinct and pleasing shape, held well above the foliage on good stems. Plants \$2.50; Tubers \$5.00

LA RODA. H. C. (Broomall). Color is a soft pure pink. A large, deep, heavy petalled dahlia with a peculiar formation, each petal turning slightly at an angle, giving the flower as a whole a distinctive wheel effect. One of the outstanding varieties last season. Plants \$5.00; Tubers \$10.00

LAVENDULA. Dec. (Broomall). One of the largest lavender dahlias on the market. The color is a pleasing shade of lavender. Immense blooms are held erect on good stems above strong bushes. Plants \$1.50; Tubers \$3.00

LILLIAN BALDWIN. Dec. (Danker). The color is a bright distinctive water-melon pink. Good stem and habit of growth. Plants \$1.25; Tubers \$2.50

MABEL LAWRENCE. (English Dec.) A large flower of clear scarlet with glowing velvet red. A flower of fine form and extreme beauty. Plants \$2.50; Tubers \$5.00

MARIAN BROOMALL. H. C. (Broomall). A two-toned flower of dark lavender pink and white. Large blooms held erect on strong stems above a vigorous growing bush. Plants \$1.25; Tubers \$2.50

MARJORIE HENNESSEY. Dec. (Seal). The color is most attractive—Amber, heavily suffused rose, lightening toward the center to a true amber. The tips of the unfolded petals are of a deep rose pink, producing a very beautiful effect. Plants \$1.25; Tubers \$2.50

MARLEAU. H. D. (Broomall). Pinard yellow, shaded capucine orange, general effect being salmon buff, large flowers on long stems, very free flowering. Plants \$3.75; Tubers \$7.50

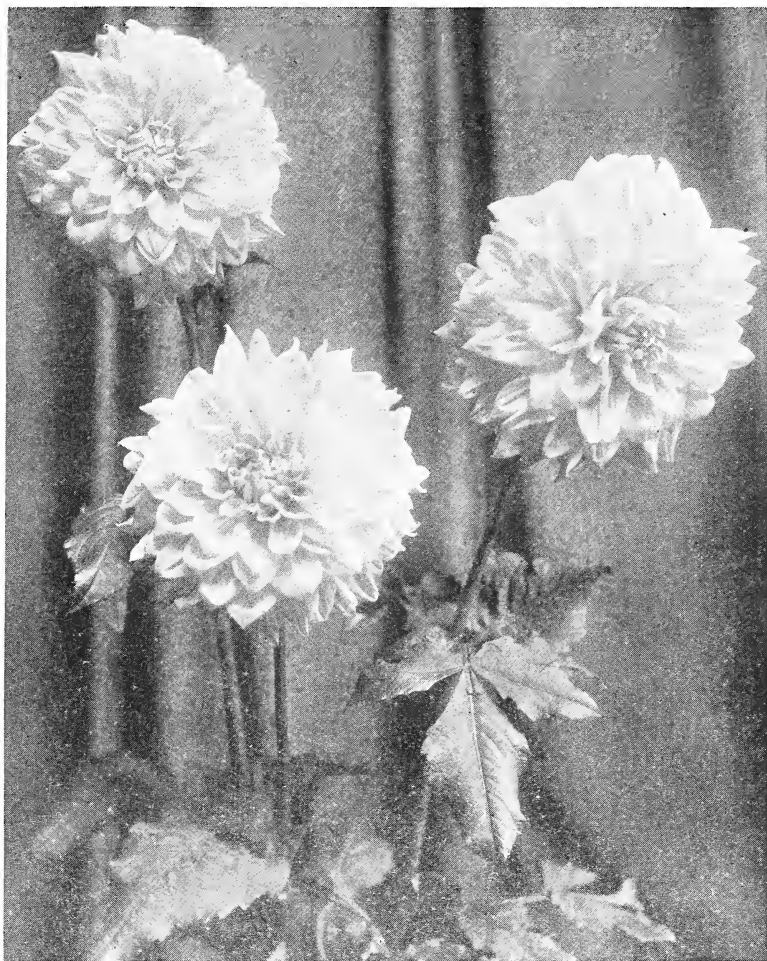

MARMION. Dec. (Tyler). The color is a pure golden yellow, with bronze suffusion on reverse of petals and a deeper bronzy tone on the high center, and outlining each petal. Vigorous growing bush and good free bloomer. Plants \$1.75; Tubers \$3.50

KATHLEEN NORRIS (F. & M.)

Color a true Rose pink, later deepening to mallow pink, but paler in the young central petals. A bloom of gigantic proportions, petals broad and overlapping with twisted ends, full, tight center. Foliage dark green and insect proof. A great bloomer and an excellent keeper. A dahlia that stands right up on the stem to be seen and admired. Awarded the Garden & Home Builder Achievement Medal at the exhibition of the Dahlia Society of New Jersey.

NEW AND RECENT INTRODUCTIONS—Cont'd

- MAY TROWER.** Dec. (Seal). A large, deep, artistic flower, ranging in color from palest gold to a deep golden apricot. Blooms are held erect on good stems.
Plants \$3.75; Tubers \$7.50
- MRS. ELEANOR MARTIN.** Dec. (Pelicano). A large, evenly petaled flower of a shade which might be described as mulberry suffused with tan, each petal showing a violet stripe that adds a lot of charm to the unusual color scheme.
Plants \$1.00; Tubers \$2.00
- MRS. SHIRLEY SHAW.** Dec. (Broomall). Color is ox blood red, shaded maroon. A broad petalled, heavy textured flower of upright, regal appearance.
Plants \$5.00; Tubers \$10.00
- MY MARYLAND.** H. C. (Downs). A graceful Hybrid-Cactus of rich bright pink, with each petal tipped with ivory both at the center and on the outside of the flower. The flowers are large and are on good stems. The plant is rugged with leather-like foliage.
Plants \$5.00; Tubers \$10.00
- NAGEL'S ROEM.** H. C. (Nagel). Coloring is Naples yellow tinted with salmon and chamois of the most delicate shadings. The large flowers are supported on fine strong stems.
Plants \$1.00; Tubers \$2.00
- NANCY SUE LANG.** Dec. (Broomall). A beautiful color combination of red, copper and gold. It is a most spectacular garden flower, because of the several big blooms that can be produced at one time.
Plants \$2.50; Tubers \$5.00
- NETAWAKA.** H. D. (Broomall). Orange yellow base shading to jasper red. Reverse of petals bright carmine. The petals are twisted so that the reverse color is very much in evidence.
Plants \$5.00; Tubers \$10.00
- OLIVE REED.** Dec. (Seal). A beautiful dahlia of a clear and pure shade of yellow. One of the finest yellow dahlias to date. A vigorous grower with flowers held erect on strong, stiff stems. There was much favorable comment on this dahlia in our gardens and at the various shows the past season.
Plants \$1.25; Tubers \$2.50
- PAUL REVERE.** Dec. (Bissell). Petals are a rich, bright, velvety-red and look as though faintly touched with black. Large in diameter and deep. Wavy petals, excellent stem and growing habits.
Plants \$1.25; Tubers \$2.50
- PRIMULA REX.** Dec. (Broomall). This is a spectacular dahlia in every respect due to its clear primrose color, fine form and distinctive appearance. This massive dahlia has made good in every garden and was a prize winner at most of the shows.
Plants \$1.25; Tubers \$2.50
- QUEEN OF THE GARDEN BEAUTIFUL.** Dec. (Burns). The form of this dahlia alone makes it a distinctive flower, with its large center and wide petals. It is an immense lemon yellow blossom, held erect on strong, stiff stems. A big prize winner last season.
Plants \$1.50; Tubers \$3.00
- ROBT. SCOTT.** Dec. (Brock). A very beautiful apricot yellow with rose shadings and extra large bold flowers. Excellent stems and a fine bloomer.
Plants \$1.25; Tubers \$2.50
- ROSE FALLON.** Dec. (Harding). The color is dark orange, tinted with amber and salmon and is both pleasing and effective. Massive blooms stand well above a vigorous growing bush.
Plants \$1.50; Tubers \$3.00
- SALBACH'S WHITE.** Dec. (Salbach). A superb white decorative of perfect form, full and deep. Good free bloomer with excellent stems.
Plants \$1.75; Tubers \$7.50
- SANHICAN'S NYMPH.** Dec. (F. & M.). Color is a rich primrose yellow with the reverse of petals faintly touched with fawn rose, the latter color being more perceptible on the center petals as they open.
Plants \$3.75; Tubers \$7.50

YELLOW BEAUTY (See Page 14)

SEAL OF CONNECTICUT. Dec. (Alling). Large flower of clear golden yellow color of most pleasing appearance. A free bloomer and a vigorous grower. Plants \$1.75; Tubers \$3.50

SHIRLEY EILEEN SHATTUCK. Dec. (Murphy). Color is a clear lavender. Vigorous growing bushes and abundance of bloom. Plants \$2.00; Tubers \$4.00

SILVERADO. C. (Seal). The immense blooms are of white, gradually shading toward the center to a delicate silvery lavender. The stems are extra long and the tall bushes are always full of bloom. Plants \$2.00; Tubers \$4.00

NEW AND RECENT INTRODUCTIONS—Cont'd

SOLE MIO. H. D. (Lohrmann). The color is a rich, deep yellow, with a suggestion of apricot. The stems are perfect and hold the flowers boldly above the strong, low growing bush. An excellent variety either for garden or exhibition purposes.
Plants \$1.00; Tubers \$2.00

SUN MAID. H. C. (Spacher). Color is a beautiful soft blending of orange and gold. The erect bushes produce an abundance of bloom, which are large in size and perfect in form throughout the entire season.
Plants \$1.25; Tubers \$2.50

WALDHEIM SUNSHINE. Dec. (Peacock). One of the outstanding new dahlias this year. Color is a true deep yellow, with darker reflex. There is a rich golden suffusion around the beautiful high center. The form is good, with long, wavy, twisted and whirled petals, which relieve the immense size from stiffness. A free bloomer with fine strong stems.
Plants \$7.50; Tubers \$15.00

WANDA MILLER. Dec. Color is a deep purple with white tips. Medium sized flowers held erect on strong stems. It never sports to solid color.
Plants \$1.00; Tubers \$2.00

WATCHUNG SUNRISE. Dec. (Smith). An unusual dahlia in color and form. Color is a golden amber with reverse of petals showing rose-pink. Each petal has a narrow clear margin of rose-pink. The flower is large and deep with the back petals curving almost to the stem.
Plants \$3.75; Tubers \$7.50

WILLIAM H. HOGAN. Dec. (Success). One of the best variegated dahlias. Color is garnet red with white tips running down the center of the petals. It does not revert to the solid color.
Plants \$3.75; Tubers \$7.50

***YELLOW BEAUTY.** Dec. (Wood). This dahlia while primarily a commercial dahlia, can be grown to exhibition size, some blooms going to nine inches across and from four to five inches in depth. It is predicted that this splendid new yellow will be in the yellow class, what "Jersey's Beauty" is in the pink.
Plants \$7.50; Tubers \$15.00

ZANTE. H. C. (Boston). The color is gold heavily suffused with apricot pink. The center is of the deeper shading. The coloring remains true all season but the gold deepens as the season advances. The large, deep, blooms are held erect on fine strong stems.
Plants \$1.00; Tubers \$2.00

Decorative Dahlias

DECORATIVE DAHLIAS. Here we offer the popular varieties of decoratives that have proven satisfactory during many years trials. The demand for them continues with unabated interest. For bold massing effects and for general utility purposes they stand unrivalled. Many of those listed now, were the "sensations" of yesteryear and take their permanent places in the ranks of ever popular dahlias.

ADDA PATTERSON. The flowers are pure white and are held well above the foliage on stiff stems. A good keeper and equally good for exhibition and decorative purposes.
Plants \$1.75; Tubers \$3.50

AGNES HAVILAND. Large flowers on strong, stiff stems; of perfect type; Color, a fine rose pink, slightly suffused with yellow.
Plants 50c; Tubers 75c

AUGUSTA R. JOHNSON. Yellow-buff shaded salmon. Large flowers on good stems.
Plants 50c; Tubers 75c

WATCHUNG
SUNRISE

DECORATIVE DAHLIAS—Cont'd

BAZAAR. A fine blossom that is a combination of sunset shades. Soft chrome yellow overlaid with red—delicately blended so neither predominates.

Plants 50c; Tubers 75c

BONNIE BRAE. Cream, shaded blush pink. True decorative type of good size.

Plants 50c; Tubers 75c

CASPER G. WARE. Flowers are large, regularly formed and produced profusely on strong stems. Color is a bright, clear violet rose.

Plants \$1.00; Tubers \$2.00

CATHERINE WILCOX. White, points of petals tipped cerise.

Plants 50c; Tubers 75c

CHAMPAGNE. A fine flower on upright, stiff stems. Coloring is rare—a dull golden varying to chamois.

Plants 50c; Tubers 75c

CHARLES STRATTON. A grand exhibition fluffy decorative which has won many prizes. Color is pale gold shaded and tipped with old rose.

Plants 75c; Tubers \$1.00

CHARM. Burnt orange, shading to yellow. Stems good, free flowering and a good keeper.

Plants 50c; Tubers 75c

DECORATIVE DAHLIAS—Cont'd

- CLAUDE HARLAN.** Large flower of a beautiful clear lavender. The petals have a soft wavy appearance which makes the flower very delicate and beautiful. **Plants 50c; Tubers 75c**
- CORAL GEM.** A most attractive shade of soft coral-pink; flowers of medium size held erect on good stems. A free bloomer of good habit. **Plants 75c; Tubers \$1.50**
- COVINA.** Color is pure rose pink. One of the best pinks in this class. The flowers, of medium size are borne in great profusion on good stems. **Plants 75c; Tubers \$1.50**
- DAKOTA.** Flame color, a good exhibition flower. Vigorous grower and fine stem. **Plants 50c; Tubers 75c**
- EARL WILLIAMS.** Deep, regularly formed blossom, borne on a fine stem. The colors of red and white are well distributed. It is an excellent variety in every way. **Plants 75c; Tubers \$1.00**
- EASTERN STAR.** Color is a soft saffron yellow with old gold shadings. Flowers of great substance and remarkable keeping qualities. Full centers and are held erect on strong stems. Excellent bush growth and free flowering. **Plants \$1.00; Tubers \$2.00**
- EL DORADO.** An immense bloom of pure gold deepening in the center. Stands well above the foliage, on strong, erect stems making it excellent for cutting and exhibition. **Plants 75c; Tubers \$1.50**
- ELKRIDGE.** A pure white dahlia of good form. Petals are gracefully curved and of good substance. The flowers are of good size, borne on splendid stems. A splendid keeper when cut. **Plants \$1.25; Tubers \$2.50**
- ELLINOR VANDERVEER.** A dahlia of exquisite beauty and large size, having every desirable quality. The large blooms are of a glowing, satiny, rose pink. **Plants 75c; Tubers \$1.00**
- ELITE GOLD.** (Peony.) Color is a beautiful rich golden shade. A profuse bloomer from early season until frost. The blooms are held perfectly erect on fine stems. **Plants \$1.00; Tubers \$2.00**
- ELIZA CLARK BULL.** This is one of the biggest and deepest flowers of its class. The form is perfect and the petals are just enough irregular to prevent it from being stiff. Color is a clear white. **Plants \$1.00; Tubers \$2.00**
- E. T. BEDFORD.** Fine exhibition flowers of purple with a lighter shading giving it the appearance of a silvered purple tone. **Plants 50c; Tubers 75c**
- EVA COLE.** Large exhibition dahlia. Color is a beautiful combination of red and gold. A good free bloomer. **Plants \$1.25; Tubers \$2.50**
- EVA WILLIAMS.** An exhibition decorative of amethyst color with slight silver shadings, very full center; stems upright and rigid, free bloomer. **Plants 50c; Tubers \$1.00**
- FAITH GARABALDI.** Deep rose colored bloom of great depth as well as large size, on long stems, make this a Decorative worth growing. **Plants 75c; Tubers \$1.50**
- GILDA GRAY.** A medium sized decorative of pure lilac color, shading to a deep Tyrian-rose toward center, the deepening of color giving the effect of great depth to the flower. **Plants 50c; Tubers \$1.00**
- GLORY OF MONMOUTH.** Erosine pink, shading to Strawberry pink at center of petals. Base of petals a light orange. The flowers are produced in great profusion on long, strong stems. **Plants \$1.75; Tubers \$3.50**

DECORATIVE DAHLIAS—Cont'd

- GLORY OF NEW HAVEN.** Color is a beautiful shade of pinkish mauve. Plants are strong growers and produce large blooms with remarkable freedom on long strong stems. Plants 50c; Tubers 75c
- GOLDEN EMBLEM.** The flowers, which have a fine formation, are a deep rich golden yellow. The stems are good and the foliage is strong and healthy. Plants \$1.00; Tubers \$1.50
- GOLDEN FLEECE.** An exceptionally magnificent blossom of a rich, creamy, golden yellow with a satiny sheen, frequently tipped with white giving it a silvery, frosted appearance. Plants \$1.50; Tubers \$3.00
- GRACE SHERMAN.** A very large full flower, color light pink overlaid at the center with a deep golden yellow. Admired for its beautiful shadings. Plants \$1.00; Tubers \$1.50
- GRENADIER.** A purplish maroon shade combined with silver. The petals are purple with a pale silver reverse. Due to its peculiar formation both colors show, giving a very unique effect. Plants \$1.00; Tubers \$2.00
- HALVELLA.** A beautiful shade of rose pink, an exhibition dahlia as well as a fine cut flower and is highly recommended for its good keeping qualities. Plants 50c; Tubers 75c
- HARRY SHELDON, JR.** An extra fine exhibition flower, white center with outer row of petals a beautiful shell pink. It can be grown very large and is a profuse bloomer with flowers held erect on strong stems. Plants 75c; Tubers \$1.50
- HIS MAJESTY.** The color is a bright scarlet. A free bloomer, retaining its size, substance and center all through the season. Plants 75c; Tubers \$1.50
- IAN.** A very large and deep flower of clear yellow, gradually shading to pink on the outer rows of petals. The reverse of the outer petals is touched with sunset shades. Good stem and free bloomer. Plants \$1.00; Tubers \$2.00
- INSULINDE.** Colossal flowers of a rich golden orange color. One of the finest dahlias ever produced. Plants 50c; Tubers 75c
- JERSEY'S BEACON.** Chinese scarlet with a paler reverse, giving a two toned effect, very large flower, vigorous grower and has an excellent stem. Plants 75c; Tubers \$1.25
- JERSEY'S BEAUTY.** A real rose pink of excellent formation and borne on a wonderful stem. Plants 50c; Tubers \$1.00
- JERSEY'S CAPRICE.** A blending of pink, amber and gold. The flowers are large and held erect on good stems. Plants \$1.25; Tubers \$2.50
- JERSEY'S ELEGANS.** Spinel pink, medium sized flowers produced freely on good stems. Plants \$1.25; Tubers \$2.50
- JERSEY'S EMPRESS.** Anthracene violet in color, the flowers of this variety have a very pleasing formation, having narrow and wavy petals, the flowers are large and of great depth. Plants \$1.25; Tubers \$2.50
- JERSEY'S GEM.** Lavender pink. Strong stems and perfectly formed blooms make this a worth while dahlia. Plants 50c; Tubers \$1.00
- JERSEY'S JEWEL.** Mallow pink, very large, long petaled flowers on good stems. Plants 75c; Tubers \$1.25
- JERSEY'S KING.** Begonia rose. Large broad petaled flowers on good stems. Plants 50c; Tubers \$1.00
- JERSEY'S MONARCH.** Very large deep flowers on good stems, color a deep salmon with yellow at base of petals. Plants \$1.00; Tubers \$2.00

DECORATIVE DAHLIAS—Cont'd

- JERSEY'S SOVEREIGN.** A new shade of color hard to describe. Salmon orange is the nearest one can come to it. A vigorous grower with very dark foliage, flowers of good size on good stems. **Plants 50c; Tubers \$1.00**
- JERSEY'S SUNSHINE.** Light greenish yellow sometimes streaked with amaranth pink, flowering habit profuse. Stems are very stiff and erect, flowers are large, and well formed. **Plants \$1.25; Tubers \$2.50**
- JERSEY'S SWEETHEART.** In color it is a delicate pink changing to white in the center, a splendid cut flower variety, the stems are slender and stiff, and the flowers are produced in great number. **Plants 75c; Tubers \$1.25**
- JERSEY'S WONDER.** A mixture of Apricot yellow and pinard yellow, with a pink suffusion on the reverse. **Plants \$1.25; Tubers \$2.50**
- JESSIE K. PRESCOTT.** The color is very pleasing, a deep orange at the center, gradually shading to a creamy orange on the rows of outer petals. **Plants 50c; Tubers 75c**
- JOHN LEWIS CHILDS.** A most interesting variety. Clear yellow suffused, striped and splashed with scarlet. Large flowers with stiff stems. **Plants 50c; Tubers 75c**
- JUDGE MAREAN.** A glowing salmon pink with a touch of watermelon-red exquisitely blending to iridescent orange, yellow and pure gold. **Plants 50c; Tubers 75c**
- KING TUT.** An extra large blossom of rich, dark velvety, glowing, crimson burgundy of fine formation. Vigorous bushes and good stems. **Plants \$1.00; Tubers \$2.00**
- KITTY DUNLAP.** A very free flowering, finely formed dahlia of American Beauty rose. The stems are long and stiff. Excellent in every way. **Plants 50c; Tubers 75c**
- LADDIE.** Soft yellow shaded orange. The large flowers are produced in profusion and are always held erect on strong stems. **Plants 50c; Tubers 75c**
- LA MASCOTTE.** The unique coloring of this dahlia is a two toned effect as the petals are a silvery white with a deep violet reverse. **Plants 50c; Tubers 75c**
- LIBERTY BOND.** A blending of buff, bronze and salmon tints. **Plants 50c; Tubers 75c**
- LYNDORA.** The color is a blending of old rose and picric yellow, giving the flower a satiny effect. Free bloomer, good strong stems and vigorous growing bush. **Plants \$1.25; Tubers \$2.50**
- MARGARET WOODROW WILSON.** An exhibition type of large size and great beauty. Color is opalescent pink. Face of petals creamy white, reverse Phlox-pink, the reflection from reverse of petals giving the whole flower an opalescent effect. **Plants \$1.25; Tubers \$2.50**
- MARGARET MASSON.** A splendid variety that has made good. The color is a beautiful silvery rose pink. The blooms are of large size and great depth and are produced in abundance on fine upright stems. **Plants 75c; Tubers \$1.50**
- M. H. DE YOUNG.** A beautiful blossom of pure old gold with scarcely any variation in color, except perhaps the center is illuminated with a slightly brighter shade; large flower held high on absolutely stiff stems. **Plants \$1.00; Tubers \$1.50**
- MILLIONAIRE.** Most delicate lavender with a faint pink cast overshadowing it. An extremely valuable cut flower. **Plants 50c; Tubers 75c**
- MIRAFLORES.** The color is white, tinted violet pink. Flowers on splendid stem. **Plants \$1.00; Tubers \$2.00**

DECORATIVE DAHLIAS—Cont'd

- MISS CALIFORNIA.** A large perfectly formed and very beautiful blossom of the new shade of Oriental Fuchsia. An excellent flower for exhibition, cutting or garden effect. A prize winner last season. **Plants \$1.00; Tubers \$2.00**
- MORDELLA.** A truly artistic dahlia of a beautiful bright shade of apricot buff. Flowers average 9 inches across and are held well above the foliage on extra long stems. Plants are free bloomers and vigorous growers. **Plants \$1.00; Tubers \$1.50**
- MR. ALEX. WALDIE.** Flowers are large, held above the foliage on fine stems and the coloring is unsurpassed, a creamy ground overlaid with delicate salmon pink. **Plants 50c; Tubers 75c**
- MR. CROWLEY.** The exquisite color of this dahlia is most remarkable, being the brightest, most glowing shade of salmon pink, the base of the petals is yellow. **Plants 50c; Tubers 75c**
- MRS. E. L. LINDSEY.** Scarlet and gold, the gorgeous coloring of the well known "Geisha" reproduced in an enormous full centered decorative. **Plants 50c; Tubers 75c**
- MRS. I. de Ver WARNER.** Delightful color, of soft orchid or deep mauve. Stems are good. Bushes sturdy and produce flowers very freely. **Plants 50c; Tubers 75c**
- MRS. JOHN T. SCHEEPERS.** A strong, vigorous grower and abundant bloomer. Upon opening, the flowers are of a clear golden primrose which gradually changes to a beautiful delicate shade of pink suffusion on the outer petals. **Plants 50c; Tubers 75c**
- MYRA VALENTINE.** This prize winner is of a golden bronze color and is held high above a vigorous plant on long stiff stems. **Plants 50c; Tubers 75c**
- NATURE'S MASTERPIECE.** A rich combination of old rose, cinnamon and metallic bronze, blended into one color, suffused with mulberry. Large blooms held erect on fine strong stems. **Plants \$2.00; Tubers \$4.00**
- PATRICK O'MARA.** Flowers of good size, perfect form and in color a rich yellow. **Plants 50c; Tubers 75c**
- POP STEWART.** Giant decorative, one of the finest Dahlias of its color in existence. The bloom when first opening is rosy pink which tones out at maturity to an exquisite lilac-pink. **Plants 75c; Tubers \$1.50**
- PRESIDENT WILSON.** Large flowers of the finest form, there is nothing in its class to compare with it in beauty. Color, a carmine red with tips of each petal white. **Plants \$1.00; Tubers \$2.50**
- PRIDE OF CALIFORNIA.** This is a good red decorative for all purposes. It has size, stem and splendid keeping qualities when cut. **Plants 50c; Tubers 75c**
- PRINCESS PAT.** A magnificent dahlia, glorious shade of old rose. It is one of the most beautiful of the autumn shade dahlias and produces its flowers on long stiff stems. **Plants 50c; Tubers 75c**
- ROBERT TREAT.** A clear red decorative, very alive in color and of most distinctive appearance. It is midway between cerise and American Beauty red. Beautifully formed flowers, good stems and a most pleasing color. **Plants 50c; Tubers \$1.00**
- ROMAN EAGLE.** Large exhibition decorative of a flaming, brilliant, burnished copper color. Flowers held well above dark green foliage on strong stiff stems. **Plants \$1.00; Tubers \$2.00**
- ROOKWOOD.** A beauty of pure bright cerise rose, without the faintest touch of magenta. The flowers are immense with good depth and are held aloft on splendid straight stems. **Plants 75c; Tubers \$1.00**
- ROSA NELL.** A most beautiful and satisfactory dahlia producing its gigantic flowers on long stiff stems well above the foliage. Its color is rare among dahlias, a deep bright rose. **Plants 50c; Tubers 75c**

DECORATIVE DAHLIAS—Cont'd

- SAGAMORE.** An exceptionally fine exhibition or cut flower of a golden amber, shaded toward the center with a warm salmon-rose or orange buff. The straight stems and wonderful keeping qualities make this a desirable flower.
Plants 50c; Tubers \$1.00
- SANHICAN'S GEM.** A delightful shade of old rose, thickly suffused with amber in the young state. At maturity it is a clear old rose with a sheen which glistens in the sunlight.
Plants \$1.00; Tubers \$2.00
- SANHICAN'S MAGNET.** Pale amaranth pink; face of petals tinged with a deeper shade; reverse of petals a solid claret color, heavily veined. A free bloomer, with flowers held erect on fine strong stems.
Plants \$1.50; Tubers \$3.00
- SANHICAN'S MONARCH.** Color is a deep Tyrian rose at center of flower, shading to a lighter tone at points of petals. Free-bloomer having dark green foliage and black cane like stems, which hold the flower perfectly erect.
Plants 75c; Tubers \$1.50
- SANHICAN'S ROSE.** Color is a clear, deep rose pink. Flowers are held erect on rigid stems and are a joy to behold in the garden on account of the many blooms out at the one time.
Plants 50c; Tubers 75c
- SHOWER OF GOLD.** This large decorative is a beautiful lemon yellow with strong stems and fine habit.
Plants 50c; Tubers 75c
- SILVER QUEEN.** A massive bloom of silvery white with violet reverse. It scored 86 exhibition at New Jersey Trial Grounds, and 88 exhibition at A. D. S. Trial Grounds in 1925.
Plants \$1.00; Tubers \$2.00
- SUSAN G. TEVIS.** Recommended for all purposes. This fine introduction is a rich lilac which deepens at the perfect center. The blooms are held upright on long, stout stems.
Plants 50c; Tubers \$1.00
- THE BANDIT.** This is a dazzling scarlet red with a beautiful golden buff reverse, the petals curve and twist making a delightful color combination that appeals to all.
Plants \$1.25; Tubers \$2.50
- THE EMPEROR.** A maroon dahlia of the finest type, made up of long flat petals, color does not spot under any weather conditions and flowers of enormous size are borne on long stiff stems.
Plants 50c; Tubers 75c
- THE GRIZZLY.** A great dark velvety maroon beauty. Flowers of immense size held high above the fine foliage on extra long strong stems.
Plants 50c; Tubers 75c
- TRENTONIAN.** A truly great flower is this big even petaled decorative. The color is that of an "Indian's Skin," a wonderful blending of old gold, amber and coppery bronze, the whole forming a flower of marvelous brilliancy with a central zone of bronze.
Plants 50c; Tubers \$1.00
- TULLAHAME.** Color is a deep, dark maroon. Blooms are large and stand well above the bushes. An attractive novelty.
Plants \$1.25; Tubers \$2.50
- UNCLE REMUS.** Color is a beautiful rosy purple. Fine large flowers are carried on strong stems. Plant is an extra strong grower of good habit.
Plants \$2.50; Tubers \$5.00
- VENUS.** Soft shade of creamy white with lavender suffusion, low growing bush, flowers carried well above the foliage on long straight stems. A profuse bloomer, excellent as a cut flower as well as for exhibition.
Plants 50c; Tubers 75c
- WHITE SISTER.** A beautiful white decorative that has attracted the attention of dahlia growers on account of its size and beauty. A free bloomer, producing flowers on very stiff stems.
Plants 75c; Tubers \$1.50
- WINFIELD SLOCOMBE.** The most beautiful orange colored dahlia to date. The center, a beautiful golden hue shading to burnt orange giving the entire flower a unique and handsome color.
Plants 50c; Tubers \$1.00
- WIZARD OF OZ.** One of the finest dahlias in existence, of a salmon rose color shading to amber towards the center. Robust grower with stout stems. Flowers resemble a huge water lily.
Plants 75c; Tubers \$1.50
- WORLD'S BEST WHITE.** Splendid large flowered white, fine stems, good grower and free bloomer.
Plants 75c; Tubers \$1.50

Cactus Dahlias

The cactus dahlias are quite distinct in formation from the decorative. They have a charm about them that appeals to lovers of the unusual.

ALEX KENNEDY. Large, deep crimson with extra long strong stems, resembles F. W. Fellows in form. Plants 75c; Tubers \$1.00

AMBASSADOR. The finest of all Cactus Dahlias. The color is a soft yellow buff shaded salmon pink; flowers of pleasing form and enormous size, the splendid flowers are held erect well above the foliage on the strongest stems ever seen on a Cactus Dahlia. Plants 75c; Tubers \$1.00

AMBER GLOW. Large flower with long, straight, narrow petals. Color, bright yellow deepening to orange at center. Plants 50c; Tubers 75c

BALLET GIRL. Flower is hard to describe. It is sometimes orange with a white edge and then again white shading to orange or white edged orange and at times pure orange. Plants 50c; Tubers 75c

CALIFORNIA BEAUTY. The color is the nearest approach to a pure copper ever seen in a dahlia. The blooms are produced in great profusion on long stiff stems. Plants 50c; Tubers 75c

CINDERELLA. An immense, deep, full flower of incurving formation. The color is a pale salmon, or fawn pink shading to a tan center. Plants 50c; Tubers 75c

COUNTESS OF LONSDALE. Coral rose. An excellent cut flower and very showy in the garden as the plant is always covered with bloom. Plants 50c; Tubers 50c

F. W. FELLOWS. The blossom is huge and composed of long, narrow straight petals. The color is unusual, orange or terra cotta. The stem is long and straight. Plants 50c; Tubers 75c

GOLDWYN. Large well formed flowers of the highest type of English cactus with an excellent stem. In color an exquisite blending of cream and pink. Plants 50c; Tubers 75c

PENNANT. An English cactus of the coloring of F. W. Fellows, described variously as coral and orange. Petals are exceedingly fine. A free bloomer with excellent stem. Plants 50c; Tubers 75c

PIERROT. Lovely deep amber, usually tipped with white, immense flowers and if disbudded, huge. Plants 50c; Tubers 50c

SANDY. A Cactus of superb form and color. The plant is of splendid habit. Color, light amber with brown tints. Good stem and free flowering. Plants 50c; Tubers 75c

DAHLIA SEED. Due to the success of our seed last year we have decided to offer a limited amount again this season. These Seedlings bloom the first year and some really fine varieties are obtained economically in this manner. Package of 50 seeds, \$2.50

Hybrid Cactus Dahlias

- ALICE VOISINET.** The color is bronze and copper shading to buff and henna, with a beautiful golden sheen. The flower is very large with perfect form and extra good stems. The foliage of the plant is very dark being different from any other dahlia. **Plants 75c; Tubers \$1.00**
- ATTRACTION.** Flowers of large size, clear rosy lilac, strong stems and good bloomer, one of the very best cutting dahlias. **Plants 50c; Tubers 75c**
- EL GRANADA.** The color is a vivid orange, and the petals twist and interlace, showing at the tips a creamy yellow reverse. The long stem grows well out of the foliage and is absolutely stiff and faultless. **Plants 75c; Tubers \$1.00**
- ELSIE DANIELS.** Pale orchid shade on the outer petals which are long and shaggy, the center ones are white, making a most wonderful combination of colors. **Plants \$1.00; Tubers \$2.00**
- EMMA MARIE.** Color, a delightful shade of bright pink described as clear violet rose, with a creamy white center. Fine for exhibition and a wonderful cut flower. **Plants 50c; Tubers \$1.00**
- ESTHER R. HOLMES.** Orchid pink flower of good size and wonderful depth. Very prolific bloomer with excellent stems. **Plants 50c; Tubers 75c**
- FAY LANPHIER.** An enormous hybrid cactus of great depth. The center is Picric yellow. Each petal gradually blending toward the outer edge to a creamy yellow. Blooms erect on long stiff stems. **Plants \$1.00; Tubers \$2.00**
- FRANCIS LOBDELL.** Mallow pink shading to white in center, heavy flower held erect on perfectly stiff stems. **Plants 50c; Tubers \$1.00**
- GLADYS SHERWOOD.** An immense cream-white blossom, very deep and full to the center having long, wide satiny-pointed petals that glisten in the sun. **Plants 50c; Tubers 75c**
- GLORY OF CALIFORNIA.** An old introduction of immense size and undoubtedly the largest yellow Hybrid Cactus. The huge blossoms of clear golden yellow are held perfectly erect on extra long stiff stems. **Plants 50c; Tubers 75c**
- ISLAM PATROL.** Very dark velvety scarlet tipped and flushed with gold. Wonderful long stem, especially fine keeper for exhibition purposes. **Plants 75c; Tubers \$1.50**
- JEAN CHAZOT OR GAY PAREE.** This has been well described as "an autumn tinted dahlia." The color is a golden bronze heightened by a suffusion of nasturtium red. **Plants 50c; Tubers 75c**
- JERSEY'S MAMMOTH.** Blooms are immense. Color is a rich golden mahogany. **Plants \$1.25; Tubers \$2.50**
- JERSEY'S RADIANT.** An exceptionally appropriate name, a radiant dahlia of bitter sweet orange, produced on long stiff stems held well above the foliage. A fine exhibition variety. **Plants 75c; Tubers \$1.25**
- J. W. LEE.** Blending of soft scarlet on buff yellow, giving the flower the beautiful sunset shades, having a distinct halo of yellow at the center. **Plants 50c; Tubers 75c**
- LA FAVORITA.** A splendid novelty, shading from a dark reddish salmon in the center to a salmon pink at the twisted points. Perfect form, long strong stem, fine cut flower. **Plants 50c; Tubers 75c**
- MRS. EDNA SPENCER.** A novelty of a delicate shade of lavender or orchid pink. In much demand as it is a lasting cut flower of unusual color and very beautiful. **Plants 50c; Tubers 75c**

HYBRID CACTUS DAHLIAS—Cont'd

MRS. ETHEL F. T. SMITH. Creamy white shading to a lemon tint in the center. Petals rather broad and similar to "Gladys Sherwood" in shape and size.

Plants 50c; Tubers 75c

NEW MOON. This superb Dahlia is without question the rarest novelty in the Dahlia world of today. Canary yellow with white tips. A good variety with long stiff stems.

Plants 75c; Tubers \$1.50

PAPILLON. A beautiful shade of old rose with golden lights, but decidedly different in coloring from George Walters which it greatly resembles in form. Fine stems.

Plants 75c; Tubers \$1.00

PROFUSION. A pure white of medium size. Flowers are produced in such profusion that they cover the plant with a mass of white, making it popular as a bedding variety.

Plants 75c; Tubers \$1.00

ROLLO BOY. A hybrid cactus of great size, with flowers held erect on strong stems. Color is a delicate shade of amber shading to old gold.

Plants 75c; Tubers \$1.50

SISKIYOU. Pink, tinged mauve, one of the largest flowers ever originated; fine stem, vigorous grower.

Plants 75c; Tubers \$1.50

WAPITI. Color is of an American Beauty rose shade. Stems are both long and stiff; flower is large and of best form, composed of many closely rolled, long petals.

Plants 75c; Tubers \$1.00

Pompon Dahlias

The Pompon Dahlias are coming back into favor, more and more, each year; they are particularly attractive to ladies, who admire their brilliant colorings, and the stiff long stems, which enable one to arrange them so easily in flower holders and vases.

ARIEL. Orange buff.

BELLE OF SPRINGFIELD. Crushed strawberry.

BOBBY. Plum color.

DAISY. Salmon orange.

DARKEST OF ALL. Maroon, almost black.

DEE-DEE. Very small, well formed. Pale lilac.

DR. JIM. Light ground, edged with purple.

ERNEST HARPER. Cherry red, very neat.

GLOW. Light old rose or coral.

HYPATIA. Salmon shading to pink.

IDEAL. A light yellow of fine form.

JOE FETTE. An exceedingly fine white for all
purpc ses.

KLEIN DOMITE. Bronze.

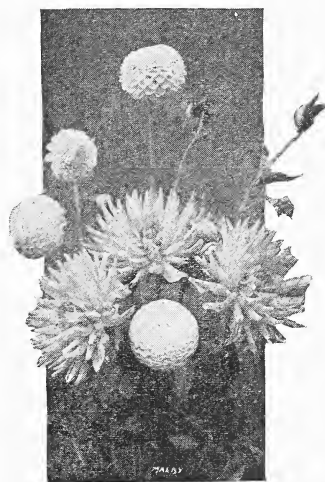

LITTLE FRED. Deep rose; small.

LITTLE HERMAN. Dark red with each petal tipped
white.

PRIDE. Dark red.

REGULUS. A beautiful cerise purple.

SNOWCLAD. Pure white.

POMPONS and CACTUS

PRICE, ANY OF THE ABOVE, 50c EACH

SPECIAL COLLECTION. Any six varieties, one of each, for \$2.50.

Show and Hybrid Show Dahlias

- DARKEYE (H. S.)** White with carmine center. Extra strong stems and large flowers. Splendid keeper when cut. Plants 50c; Tubers 75c
- DEE-LIGHTED.** Very large, pure white, combining many good qualities. A strong, erect grower, producing immense flowers in abundance. Plants 50c; Tubers 50c
- GOLD MEDAL.** Dandelion yellow, tipped and suffused with red. Plants 50c; Tubers 50c
- GOLDEN OPPORTUNITY.** Rich buttercup yellow, shaded burnt orange at the center. Plants 50c; Tubers 75c
- KING OF SHOWS.** Deep butter yellow of solid color throughout—a mammoth flower on long stems. Plants 50c; Tubers 75c
- ROBERT LAURIE BLACK (H. S.)** Beautiful, large, pure white blooms with wonderful depth—an excellent exhibition and cut flower variety. Splendid keeper. Plants 50c; Tubers 75c

Gladiolus

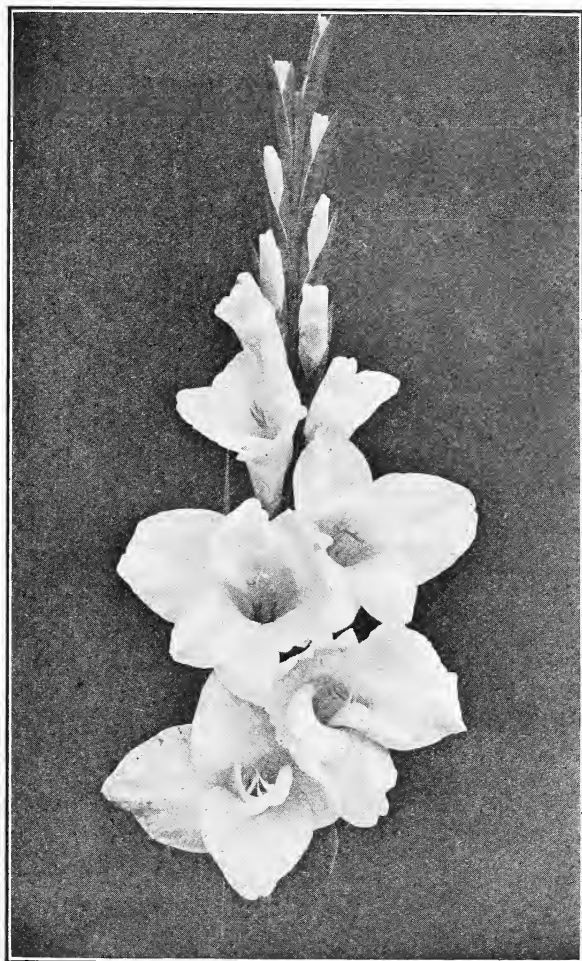

The Gladioli having won pre-eminence among summer cut flowers is now being recognized as an invaluable factor in the garden display. There is always a spot in the garden where a group of Gladiolus will give just the right effect at a time when but for this adaptable flower interest would perhaps be lacking.

You can plant Gladiolus any where and at any time up to June 15th with certainty that in due time you will have flowers.

The varieties we are listing have been selected to give the greatest satisfaction when grown in your garden. All bulbs listed are first size or 1½" and up.

- ALBANIA.** Color is a pure glistening white. Height, four feet; 15 to 17 flowers to the spike. 10c each; \$1.00 per doz.
- ALBION (Prim. Hyb.).** Salmon-rose pink. Large blooms. 10c each; 65c per doz.
- ALICE TIPLADY.** Brilliant orange saffron. 10c each; 75c per doz.
- AMERICA.** Light lavender pink. 06c each; 50c per doz.
- AVIATRIX.** A fine Primulinus Hybrid of a pleasing hue of shrimp pink, with occasional dashes of rose. 10c each; 90c per doz.
- BETTY DARNELL.** Light canary yellow, shading to a golden yellow in the throat. 20c each; \$2.00 per doz.
- CRIMSON GLOW.** Large brilliant crimson. 10c each; \$1.00 per doz.
- DIANA.** Wonderful shade of deep blood red. 15c each; \$1.50 per doz.
- DOROTHY WHEELER.** Pink Primulinus Hybrid of excellent form. 10c each; \$1.00 per doz.
- EARLY SNOWFLAKE.** Rich creamy white, delicately tinted and flaked rose, with tinge of rose in the throat, blended with delicate rose feathering on rear half of petals. 10c each; 75c per doz.
- E. J. SHALOR.** Pure deep rose pink, large blooms. A leader in the rose pink class. 10c each; 90c per doz.
- GOLD DROP.** Pure deep yellow with fine red line on lower petals. 10c each; \$1.00 per doz.

GLADIOLUS—Cont'd

ALBANIA

JUBILEE. Light vivacious lavender in color; of immense size, attaining a diameter of $7\frac{1}{2}$ inches under ordinary culture. Awarded a certificate of merit at the A. G. S. Show, Rochester, N. Y., August, 1926.

Bulblets \$6.00 each; six for \$32.50

- PRINCEPINE.** Very brilliant scarlet red with distinct white blotch in the throat. 10c each; 75c per doz.
- PRINCEPS.** Brilliant scarlet with broad white blotch in the throat. 10c each; 90c per doz.
- QUINTON (Halley Hyb.)** Coral pink, suffused deep Tyrian rose. Lower petal ivory yellow with faint Tyrian rose stripe. 10c each; 90c per doz.
- RUFFOLACE.** Nicely ruffled and beautifully lacinated. Color is pure white, four inches and over in diameter and four and five open at one time. \$5.00 each; Bulblets 35c each; \$3.50 per doz.

MRS. F. C. PETERS

- SCHWABEN.** Pure canary yellow, shading to a soft sulphur yellow when opening. Golden center, blotched brownish carmine. 06c each; 50c per doz.
- SHEILA.** Light coral red, lightening to flesh-pink in the throat, with primrose blotch on lower petals, penciled with pomegranate purple. 15c each; \$1.50 per doz.
- STALWART.** Primulinus Hybrid of a soft creamy hue, with mellow yellow shading in the throat. 20c each; \$2.00 per doz.
- WAR.** Deep blood red, large open flowers well placed on the tall graceful spike. 10c each; 90c per doz.
- WHITE WONDER.** Flowers are pure white without any markings in the throat. One of the leading whites. 10c each; 90c per doz.
- WILBRINK.** A sport of Halley. Has the color of America flesh pink, with soft yellow blotch in the throat. 10c each; 75c per doz.

MIXTURE. This mixture is made up of all good named varieties and comprises a well balanced assortment. 75c doz.; \$5.00 per 100

"The Old Fashioned Flowers"

HARDY PERENNIALS

Hardy Perennials are like old family friends; they never leave us, but grow more and more beautiful and beloved as the years roll by. Year after year they come up to greet us with the charming beauty and gorgeous coloring of their flowers and foliage, just as they greeted our mothers in the days of yore. Where can one find plants so attractive, so appealing to the eye, which can be put to so many uses? For the border they are most satisfactory, for filling in the front of shrubbery they are unexcelled, for massing on the lawn they are superb, while for cutting they are superlative.

With a little care you can have a profusion of interesting and enchanting blooms from early April to late Novem-

ber. Prolong the blooming period by keeping the flower stalks cut out close to the ground and not permitting them to form seed. Most early-flowering varieties will bloom again in the fall if cut back close after their first blooming period. After the first hard frost in the fall, cut down the tops to within three inches of the ground and give the bed a good coat of half-rotted manure which will protect the plants and enrich the soil; dig this under in the spring before the new growth starts.

PRICES — All perennials (unless otherwise noted) Each 20c; Doz. \$2.00; 100 \$14.00.

HARDY PERENNIALS—Cont'd

ACHILLEA (Milfoil)

Millefolium Roseum (Cerise Queen). 18 inches—Large flat heads of bright cherry red flowers on slender, stiff stems, in great profusion from early June until autumn.

Ptarmica Fl. Pl. (The Pearl). 12 to 18 inches—Clusters of white, perfectly double flowers all summer. Excellent for cutting.

Ptarmica Boule De Neige. 15 to 18 ins. The finest of all the Achilleas. Produces larger and more perfect white flowers than "The Pearl"; splendid for cutting.

ALYSSUM (Madwort)

Saxatile Compactum (Dense Golden Tuft. Basket of Gold). 9 inches—Flat clusters of small, cheerful light yellow flowers in early spring, so numerous as to envelop the plant; and small, pretty, glaucous leaves.

ANCHUSA

Italica (Dropmore Variety). One of the most valuable of the recent introductions. The plants are vigorous and branching, growing from three to five feet in height. The flowers are borne on long, pyramidal, graceful spikes; color beautiful clear, bright blue; a shade peculiar to this variety. Its blossoming season is in June and July.

ANEMONE

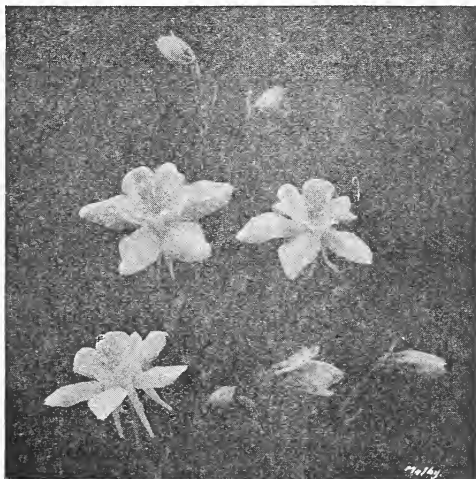

Japonica (Japanese Anemones). Alba. 18 inches—Large pure white flowers with yellow stamens.

Queen Charlotte. 2 feet—Produces beautiful, semi-double pink flowers of extra large size, often four inches across.

Rosea superba. 18 inches—Valuable for its fine form and beautiful delicate rose color.

Rubra superba. The fine deep red form.

Whirlwind. 18 inches—Semi-double pure white flowers, two to three inches across. Each, 25c; dozen, \$2.50; 100, \$16.00.

LONG-SPURRED AQUILEGIAS

ANTHEMIS (Chamomile)

Tinctoria (Golden Marguerite). 2 feet—A bushy plant with dark green, finely cut foliage and clear golden-yellow flowers. June-July.

AQUILEGIA (Columbine)

Old-time favorites. Thrives in all soils, even though wet and shaded.

Canadensis. 18 inches—Bright red and yellow flowers, on long stems.

Chrysantha. 18 inches—Flowers of rich golden yellow; blooms for two months.

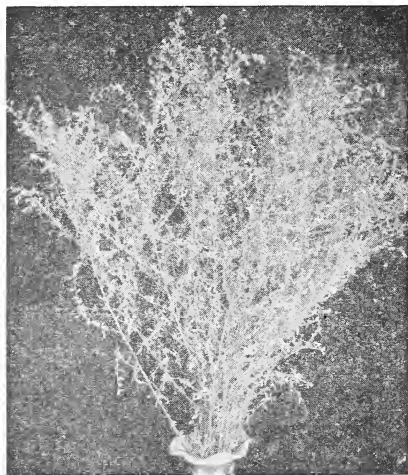

Coerulea. 18 inches—Blue flowers with a white corolla; very beautiful.

Long Spurred Hybrids. 18 inches—The finest of the Columbines. The large flowers are of varied shades of blue, lavender, red and white.

ARABIS (Rock Cress)

Alpina. One of the most desirable of the very early spring-flowering plants that is especially adapted for edging and for the rock garden, but does equally well in the border, forming a dense carpet, completely covered with pure white flowers. Excellent for cutting, lasting a long time in bloom. Blooms in early spring.

HARDY PERENNIALS—Cont'd

ARTEMISIA "SILVER KING"

ARTEMISIA

Lactiflora. A desirable new border plant, with large branching panicles of creamy white flower heads. 4 to 5 feet high. Produced in late summer, fragrant.

Silver King. One of the outstanding and truly meritorious novelties among hardy plants introduced during the past few years. Wonderful for cutting and lasts months in the dried state. Flowers white in fluffy spikes. Each 50c; dozen \$5.00.

ARMERIA (Sea Pink or Thrift)

Lauchiana. Attractive dwarf plants that will succeed in any soil, forming evergreen tufts of bright green foliage, from which innumerable flowers appear in dense heads, on stiff wiry stems, from 9 to 12 inches high. They flower more or less continuously from early spring until late in fall. Very useful in the rockery as well as in the border.

ASCLEPIAS (Butterfly Flower)

Tuberosa. 2 feet—Although occasionally found in fields and meadows throughout the United States, this is one of the most unique and showy of all hardy flowers. Thrives in all soils and produces numerous large, compact, flat heads of bright orange-yellow flowers—a color found in no other perennial.

ASTER (Michaelmas Daisy)

These Hardy Perennial Asters should not be confused with the large-flowered double China Asters, which are annuals.

Anita Ballard. Light lobelia blue, early and free; 3 feet.

Belgian Queen. Attractive bluish-lilac; 4 feet.

Blushing Bride. White with just a tint of pink; 3 feet.

Capitaine. Light lavender blue; 4 to 4½ feet.

Emilie Thoury. Light ageratum blue; 3 feet.

King of the Belgians. Light lobelia blue; 3 feet.

Maggie Perry. Light bluish violet with lighter centre; 3 feet.

Malines. Pretty rosy violet; 4 feet.

Novae angliae. Bright violet-purple; 4 feet.

Rachel Ballard. Distinct rosy violet-blue; 3 feet.

The President. Large light bluish-violet; 4 feet.

ASTILBE (Spiraea)

Gladstone. A great improvement upon the well-known Astilbe or *Spiraea Japonica*; producing lace-like spikes of bloom. Each 50c; dozen \$5.00.

Queen Alexandra. A beautiful Astilbe with soft dainty pink flowers. In habit it is quite like the type and perfectly hardy. Each, 50c; dozen \$5.00.

BUDDLEIA (Butterfly Shrub)

Magnifica. The long, graceful spikes of flowers are of a pleasing rich violet-rose and are produced in profusion from early June until late autumn. Splendid large plants, 50c each.

BAPTISIA (False Indigo)

Australis. 3 feet—A stately species with dark green leaves and many large spikes of showy dark blue flowers in summer.

CANTERBURY BELLS (Campanula Media)

An old favorite, known also as Cup and Saucer. Grows 2 to 3 feet high and blooms incessantly through July and August, with a marvelous profusion of lovely bell-shaped flowers.

In separate colors; Blue, Rose and White, each 25c; dozen \$2.50.

HARDY PERENNIALS—Cont'd

CAMPANULA

(Harebell or Bell Flower)

Persicifolia (Peach-leaved Harebell). 18 inches—Of erect habit, producing large, bright blue bell-shaped flowers, on slender, graceful stems. It flowers freely and for a long time. Each 25c; dozen \$2.50.

Persicifolia Alba. Exactly like the type, except the flowers are pure white. Each 25c; dozen \$2.50.

CARYOPTERIS

Mastacanthus (Blue Spirea). A handsome Hardy Perennial, grows about 3 feet high and produces rich lavender blue flowers in great profusion the whole length of the branches. A valuable plant either for bedding or pot culture, blooming continuously from early in September until cut by frost. Each 25c; dozen \$2.50.

HARDY CHRYSANTHEMUMS

Adelaide. Deep, rich, mahogany; one of the earliest to develop.

Bronze Doty. Deep terra cotta bronze.

Cora Peck Buhl. Deep yellow.

Capt. Cook. Clear deep rose.

Baby. Everybody's favorite. The smallest yellow variety grown.

Bronze Buckingham. Single bronze.

Excelsior. Aster flowered. Bright yellow. One of the best.

Ermalinda. Early pink.

Frank Wilcox. Aster flowered. Bronze. Mid-season.

Izola. Cerise. Anemone flowered.

Jules Lagravere. Large flowered. Deep garnet.

Lillian Doty. Large flowered, early pink. One of the best.

Mrs. Buckingham. Mid-season pink, single.

Mrs. Frank Wilcox. Reddish orange, splendid variety for Thanksgiving use.

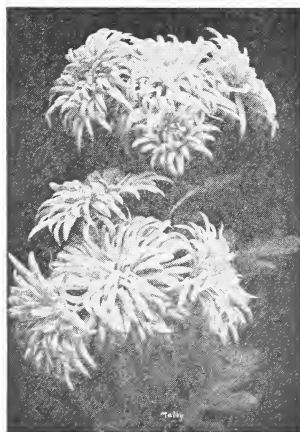

Novine. Small flowered yellow.

New York. Bronze. Flowers November 1st.

Red Doty—Wine red, a duplicate to Doty in form and habit.

White Doty. A sport of Lillian Doty and a duplicate of the parent in every way, except in color, which is a pure milk white.

Queen of the Whites. Fine, creamy white, best in its color in the small types.

HARDY CHRYSANTHEMUM

CONVALLARIA (Lily-of-the-Valley)

This universal favorite scarcely needs description. Succeeds best in partial shade, in rich soil with plenty of manure. We offer American-grown plants of the giant-flowered variety, 8 to 10 inches. Each 15c; dozen \$1.50; strong clumps each 30c; dozen \$3.00.

COREOPSIS

Lanceolata (Golden Wave). 2 to 3 feet—Probably the best of all hardy yellow flowers for massing. Blooms constantly from June until frost with large, daisy-like flowers on slender, wiry stems.

DAISY (Hardy Daisy)

Shasta Daisy. 9 to 12 inches—Luther Burbank's Hybrid Daisy. The flowers are of great substance, on long stems, with numerous petals of pure white and with bright yellow centers.

Alaska. 12 to 15 inches—An improvement upon the popular Shasta Daisy, with long, graceful white petals.

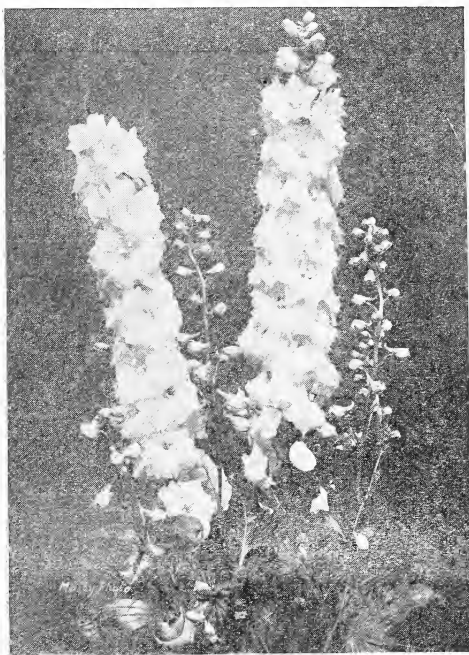

DELPHINIUM (Larkspur)

The Perennial Larkspurs are among the most showy of hardy flowering plants.

Belladonna. 3 feet—Pure turquoise blue; a continuous free bloomer from July until frost.

Bellamosa. 3 to 4 feet—Similar in form to Belladonna. Color is dark blue. It is not subject to mildew.

HARDY PERENNIALS—Cont'd

DELPHINIUM, WOODACRE HYBRIDS

DELPHINIUM—Cont'd

Hybridum (English Larkspur). 3 to 5 feet—Justly celebrated, for it unites great size of flowers with beauty of color. Exquisite flowers in varied shades of blue, and others of deep indigo and violet metallic hues.

Sinensis. 18 inches—A very graceful semi-dwarf variety, with intense gentian blue flowers in open panicles, and finely cut foliage.

Sinensis alba. 18 inches—Flowers snow white.

Woodacre Hybrids. An extra select strain from one of the finest collections in the world. Colors vary from pale blue to dark purple. Each 35c; dozen \$3.50.

DICENTRA

(Bleeding Heart, also called Dielytra)

Spectabilis. 1½ to 2 feet—A well-known hardy perennial, producing freely in spring and early summer beautiful heart-shaped flowers of pale crimson and silvery white, in graceful drooping racemes sometimes a foot long. Fern-like foliage. Each 75c; dozen \$7.50.

DIGITALIS (Foxglove)

Gloxiniaeflora. 1½ to 2 feet—A large-flowered form of the old-fashioned Foxglove. White, Purple, Pink and Mixed Colors.

DORONICUM (Leopard's Bane)

Excelsum. Two feet high, producing in early April, orange flowers over three inches across on long stems.

EUPATORIUM (Thoroughwort)

Ageratoides. 3 to 4 feet—Produces a profusion of white, fuzzy flowers.

Coelestinum (Hardy Ageratum). 2 feet—An invaluable species covered with rich blue flowers from early August to October. The flowers resemble deeply colored Ageratum.

FUNKIA (Plantain Lily)

Coerulea (Blue Day Lily). 18 to 24 inches—Glossy foliage on tall stems, clothed with lily-like flowers during July and August.

Lancifolia undulata variegata (Variegated Day Lily). 12 to 15 inches—Wavy foliage beautifully variegated with white.

GAILLARDIA (Blanket Flower)

Grandiflora. 12 to 18 inches—Flowers have red centers with rings of crimson, maroon, orange or vermilion, topped with orange or lemon.

GEUM (Avens)

Mrs. Bradshaw. A new, large, double scarlet variety, much better than any of this type previously introduced, blooming the greater part of the summer and fall. Height 15 inches.

Lady Strathedon. A counterpart of Mrs. Bradshaw, except in color, the large double flowers being of a rich golden yellow.

GYPSOPHILA

Paniculata (Baby's Breath). 3 feet—A popular old-fashioned perennial. Forms a compact, symmetrical bush covered in August and September with loose panicles of small white flowers. Each 20c; dozen \$2.00.

Paniculata fl. pl. (Double Baby's Breath). 3 feet—A double form of the above. A rare perennial. Each 50c; dozen \$5.00.

HARDY PERENNIALS—Cont'd**GYSOPHILA**

Bristol Fairy. A wonderful advance over the aforementioned sort, a plant not only of greater vigor producing much larger panicles of flowers, in which the individual bloom also is considerably larger and of purer white color, but it also possesses the advantage of flowering more or less continuously throughout the summer, new branches of bloom appearing after the first flush of flowers has passed, if these are cut away when through blooming. Each 50c; dozen \$5.00.

HELENIUM (Sneezewort)

Autumnale Superbum. 5 feet—A strong-growing plant, covered with branching heads of bright golden flowers in late summer.

Riverton Beauty. Rich lemon-yellow with purplish black cone.

Riverton Gem. 2½ to 3 feet—Covered, from August to October, with flowers of old gold, suffused with terra cotta. Each 25c; dozen \$2.50; 100 \$18.00.

HELIANTHUS

Multiflorus fl. pl. (Double Hardy Sunflower). Double golden-yellow flowers, resembling Dahlias. July to October. 4 feet. 25c ea.; \$2.50 doz.; \$18.00 100.

HELIOPSIS (Orange Sunflower)

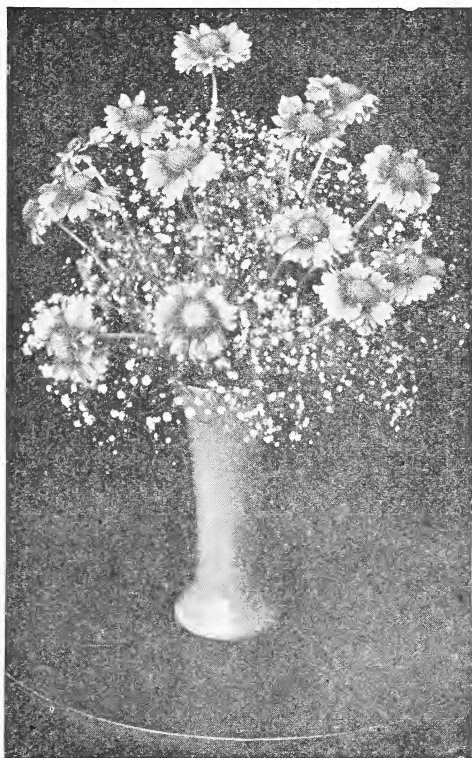

Pitcheriana. 2 to 3 feet—The flowers are deep golden yellow, of leathery texture and freely produced throughout the summer.

HEUCHERA (Alum Root)

Sanguinea (Coral Bells). Ornamental in foliage and beautiful in flower. The blossoms are of a brilliant coral, borne in open panicles on wiry stems the whole summer through. A free bloomer airy and graceful.

IBERIS (Candytuft)

Sempervirens. 8 to 10 inches—A shrubby low-growing plant with ever-green foliage completely covered in spring with clusters of pure white flowers. Especially valuable for the foreground of borders and for rock work.

GYSOPHILA, BRISTOL FAIRY

SUPERB HOLLYHOCKS

Though not generally known, there has been as great improvement made in this stately flower during recent years as there has been in the Canna, Dahlia, Chrysanthemum or Carnation.

Double Hollyhocks. The flowers are not only very large, wonderfully perfect in makeup, but are produced in far greater numbers and for a much longer season than the Hollyhocks of "Grandmother's Garden." We grow them in separate colors, namely, Maroon, Pink, Red, White and Yellow.

JAPANESE IRISES

Atlanta. Rosaline pink, with hue of soft lavender pink. Primrose yellow blotch at back of petals, from which radiates faint longitudinal veins of bluish purple. Pistils greenish white with bluish lips. A dainty and extremely beautiful variety. 6 petals, size of flower 6 inches. Height of stalk 45 inches. Price, \$1.00 each; \$10.00 per dozen.

Bobby Sipe. Large white overlaid with prominent feathering of bright bluish violet. The violet being heavier at base of petals, surrounding bright orange blotch. The beautiful color contrast of this variety is impossible of accurate description. It will have to be seen to be properly appreciated. 6 petals. Size of bloom 6 inches, height 48 inches. Price, \$1.00 each; \$10.00 per dozen.

Cornelia. White, prominently veined purplish blue, with cadmium orange blotch at base of petals, edged dull purple. Standards of interior petals 3 inches long, 1 inch wide, paris blue lower half. Upper half white, heavily veined paris blue. Pistils, white tinted lavender, with lighter tinted lips. An extremely fine variety that should find much favor with all Iris lovers. 3 petals, size of flower 7 inches, height of stalk 50 inches. Price, \$1.00 each; \$10.00 per dozen.

Normandy. White, with faint hair lines or veins, radiating from light cadmium yellow blotch at base of petals. Standards or inferior petals are very conspicuous in their contrast of bluish violet color, tipped and edged white. Single. Size of flower 6-7 inches, height

46 inches. Price, \$1.00 each; \$10.00 per dozen.

Olympia. This beautiful variety is a blending of rosaline pink and soft lavender, with primuline yellow blotch at base of petals bordered bluish tinted deep lavender. Small standards, or interior petals of light squills, blue and lavender pink. Pistils, white with squills blue lip. 3 petals, size of flower 7 inches, height of stalk 50 inches. Price, \$1.00 each; \$10.00 per dozen.

Venice. Lavender pink, heavily veined venician blue, with deep chrome yellow blotch at base of petals. Pistils lavender tipped venician blue. 6 petals, size of flower 6 inches, height of stalk 50 inches. It is impossible to adequately describe the great beauty of this exquisite variety. You will have to see it to fully appreciate its beauty. Price, \$1.00 each; \$10.00 per dozen.

Moderately Priced Japanese Irises

Date-dogu. Rich violet purple with metallic sheen; 3 petals.

Iso-no-nami. White veined violet; 3 petals.

Koki-no-iro. Rich royal purple, white veinings; 6 petals.

Kumo-no-obi. Lavender blue; 6 petals.

Nagano. Rich violet purple, shaded with blue; 6 petals.

Yomo-no-umi. Free flowering creamy white; 6 petals.

30c each; \$3.00 per dozen; \$20.00 per hundred; One each of the above six, \$1.50.

GERMAN IRIS

IRIS GERMANICA

Blue Boy. Standards and falls lavender blue.

Celeste. Standards and falls delicate azure blue.

Queen of May. Pleasing soft rosy lilac.

Rembrant. Standards light lavender; falls deeper.

Shakespeare. Standards straw yellow, veined with burnt umber; falls deep carmine violet.

Tinnae. Falls and standards deep ageratum blue.

25c each; \$2.50 per dozen; \$10.00 per hundred. One each of the above six \$1.25.

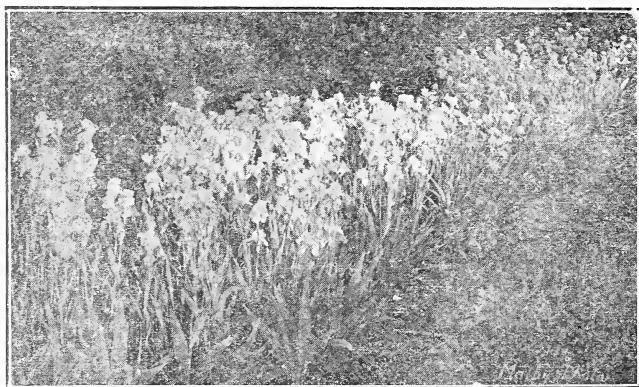

IRIS SIBIRICA (Siberian)

Flowers similar in form to those of the German Iris, but smaller and are borne on long slender stems in great profusion. We offer them in two colors—dark blue and white. 25c each; \$2.50 per dozen; \$18.00 per hundred.

HARDY PERENNIALS—Cont'd

A WONDERFUL GARDEN OF JAP. IRISES

GERMAN, (FLAG) IRISES (See p. 34)

HARDY PERENNIALS—Cont'd**IVY (English)**

Fine large plants, 3½ to 4 feet. Each 35c; \$3.00 per dozen.

LATHYRUS (Hardy Everlasting Pea)

One of the best and most desirable flowering hardy climbing plants, attractive both in flowers and foliage, growing to a height of 8 to 10 feet, and producing clusters of large flowers the entire summer; fine for cutting, lasting well.

Latifolius. Crimson.

Latifolius. Albus Pure white.

Latifolius. Pink Beauty.

LOBELIA

Cardinalis (Cardinal Flower). 1½ to 2 feet—Startling in the brilliancy of its bloom. Flowers, cardinal red, are borne in dense spikes in autumn.

LUPINUS (Lupine)

Moerheimii. Soft rose. June.

Polyphyllus. 3 feet—Large flowering spikes of pea-shaped deep blue flowers from June until September.

Polyphyllus albus. White flowers.

LYCHNIS (Campion)

Chalcedonica (Maltese Cross). 3 feet—A fine old sort with close heads of brilliant scarlet flowers.

Viscaria fl. pl. (Double Red Lychnis). 18 inches—A magnificent variety with thickly tufted evergreen foliage which turns to brilliant colors in autumn. The flowers are in tall spikes; of pure red color and pleasantly fragrant.

MONARDA (Bergamot)

Didyma splendens (Oswego Tea or Bee Balm). 2 to 3 feet—Large heads of intense rich crimson-scarlet flowers.

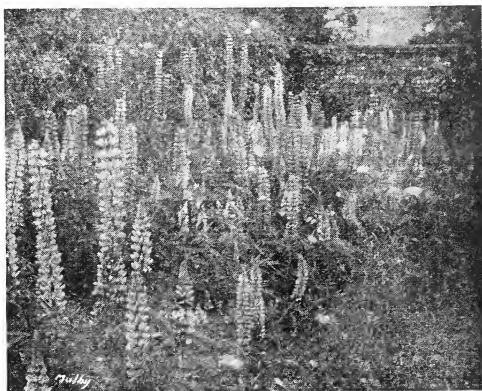

MYOSOTIS (Forget-Me-Not)

Palustris semperflorens. 4 to 8 in.—A lovely little plant especially valuable for rocky or moist situations. Completely covered with small pale blue flowers.

PAPAVER (Poppy)

Orientele (Oriental Poppy). Gorgeous beyond words to describe. The flowers are five to seven inches across and are freely produced during May and June on tall, strong stems. The light green silvery fern-like foliage is also most pleasing.

Princess Victoria Louis. Salmon pink. 35c each; \$3.50 per doz.

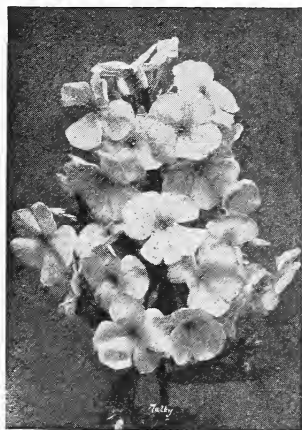

LUPINUS POLYPHYLLUS

HARDY PERENNIALS—Cont'd

PEONY—
BARONESS SCHROEDER

PHLOX, ELIZABETH CAMPBELL

PHYSALIS (Chinese Lantern Plant)

Franchetti. An ornamental variety of the Winter Cherry, forming dense bushes about 2 feet high, producing freely its bright orange scarlet lantern-like fruits which when cut will last all winter.

PLATYCODON (Bell Flower)

Mariesi. 18 inches—Semi-dwarf habit. Produces a profusion of star-like flowers of intense dark blue, from June until October.

Mariesi Alba. 18 inches—Flowers are white.

HERBACEOUS PEONIES

Cast-iron in their hardiness, blooming equally well north, south, east and west, in this country, no other flower is so adaptable and so satisfactory. A good, rich soil, open sunny position, and plenty of water during their growth is all they need. When planting, place the roots so that the crowns are barely covered with soil.

Assorted Varieties in separate colors—White, red and pink. 50c per plant; \$5.00 per dozen; \$35.00 per 100.

HARDY PHLOX

Bridesmaid. White with red eye. Each 25c; dozen \$2.50; except where noted.

Elizabeth Campbell, Salmon pink. 35c each; \$3.50 dozen.

Fraulein Von Lassburg. White.

Miss Milly Van Hoboken, bright peach pink. 35c each; \$3.50 dozen.

Miss Lingard, white.

R. P. Struthers, bright rosy-carmine with claret red eye.

Rheinlander, Salmon pink.

Thor, dark pink.

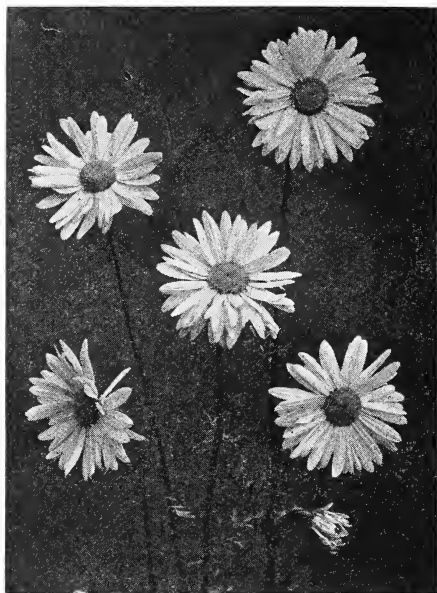

DWARF PHLOX

Divaricata Canadensis. One of our native species, which is worthy of extensive planting, commencing to bloom early in April and continuing through May, with large, fragrant lavender flowers on stems 10 inches high.

PRIMULA (Primrose)

Vulgaris (English Primrose). 6 to 9 inches—Bright lemon yellow.

HARDY PERENNIALS—Cont'd

PYRETHRUM

PHYSOSTEGIA

Virginica (Dragon Head). 3 to 4 feet—The shell pink flowers resemble large heather or small orchids. June until frost.

PYRETHRUM

Roseum Hybridum (Painted Daisies). 12 to 18 inches—Unsurpassed for refined beauty and attractive foliage. They are truly "Color Marguerites" in wide color range.

Uliginosum (Giant Daisy). 3 to 4 feet—Pure white flowers with yellow centers in great masses in autumn.

SALVIA (Sage)

Azurea (California Blue Sage). 3 to 4 feet—During August and September entirely covered with charming blue panicles.

SCABIOSA

Caucasica. Beautiful, soft lavender-blue flowers on long stems 2 feet high.

STATICE

Latifolia (Sea Lavender). 12 to 18 inches—Has abundant tough, deep green leaves, and large heads of small, lavender-blue flowers.

RUDBECKIA (Coneflower)

Laciniata fl. pl. (Golden Glow). 5 to 6 feet—Tall, branching plants, completely covered with golden yellow flowers.

Newmani. Dark orange-yellow flowers, with deep purple cone, borne on stiff, wiry stems 3 feet high; flowers from July to September.

Purpurea (Giant Purple Cone-Flower). Flowers about 4 inches across, of a peculiar reddish-purple with a remarkably large cone-shaped centre of brown; forms bushy plants 3 feet high, and blooms from July to October.

Subtomentosa. A pyramidal densely branched plant, 2½ feet high, which is completely enveloped in a mass of brilliant lemon-yellow flowers with dark purple centres in summer.

SWEET WILLIAM (London Tufts)

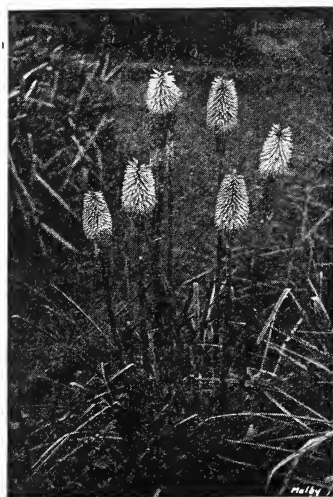

Dianthus Barbatus

We can supply them in separate colors, viz.: Pink, red and white; also mixed colors.

TRITOMA (Kniphofia)

Red Hot Poker, or Torch Lily

New Hybrid Flame Flower. Stout stems, from three to four feet high, crowned with large spikes or heads of rich, vivid orange-scarlet. Needs protection. Each 25c; dozen \$2.50.

TRITOMA

VERONICA, SUBSEISSILIS

THALICTRUM (Meadow Rue)

Very graceful, pretty flowered plants with fine cut foliage, great favorites for planting in the hardy border.

Aquilifolium Album. Elegant Columbine-like foliage and masses of feathery white flowers during June and July. 3 feet.

Dipterocarpum. Though introduced some years ago, this beautiful species is yet but little known. We consider it one of the real gems among hardy plants. The flowers are a charming shade of violet-mauve which is brightened by a bunch of lemon yellow stamens and antlers, invaluable for cutting. 4 feet.

VERONICA (Speedwell)

Longifolia Subseissilis (Blue Jay Flower). 2 to 2½ feet—Blue spikes a foot long.

Spicata. 1 to 2 feet—Produces in summer a wealth of deep blue flowers.

VIOLA "JERSEY GEM" (new)

One of the most valuable, long blooming, bedding violas ever introduced. Will thrive in any good garden soil in sun or half shade. Compact in growth, it offers a profusion of Tyrian violet blossoms from May until nipped by frosts. A superb plant for bedding or as a cut flower. 30c each; \$3.00 per dozen; \$20.00 per 100.

TWO FINE CLIMBERS**HARDY CLEMATIS**

Very effective climbing vines for arbor porch or trellis. The *Paniculata* type is an ideal climber for covering old Tree stumps.

Clematis Paniculata (Japanese Virginia Bower). This handsome hardy climber is one of the choicest and most satisfactory climbing flowering plants. Of strong rapid growth with small, dense, rich green foliage, and pure white, deliciously fragrant flowers, which appear in the greatest profusion in August and September, followed by silvery, feathery seed pods. The plants will succeed in almost any position, and are adapted for all uses when a graceful vine or trailer is desired. Each 25c; dozen \$2.50.

Large flowering Clematis. No other climbing plant equals in attractiveness the beautiful large flowering Clematis. They need rich, deep soil, perfect drainage, abundance of water, and most important of all, they should be planted with the crowns three inches beneath the surface of the soil.

Jackmanii. The popular rich purple variety. Each 75c.
